WHEELS IN MOTION FOR ESTABLISHING POST-2015 DEVELOPMENT FRAMEWRK

- By Marian Drew: A key question and point of concern is how the SDGs and the post-2015 development agenda will work together. These three are clearly two different processes – the post-2015 development agenda is being taken forward by global leaders and the SDGs are being framed in the context of the post-2015 process. The two processes are connected, but not identical.
