

Suggested Voluntary Commitment for Governments on Lead Paint

This sample text is provided by the Global Alliance to Eliminate Lead Paint (www.unep.org/noleadinpaint). Make your pledge at <http://www.unep.org/environmentassembly/beat-pollution>.

Voluntary commitments towards a pollution-free planet

All submissions will be analyzed by UN Environment to be part of the document “Voluntary commitments to contribute to a pollution free planet”. This will be one of the four key outcomes of the [UN Environment Assembly 2017](#) taking place in Nairobi from 4 to 6 December 2017.

1. What type of organisation do you represent?

Government

About you

2. What is your name?

[ENTER NAME]

3. What is your email?

[ENTER EMAIL]

4. What is your professional role/title?

{ENTER TITLE}

About your government entity

5. Name

{ENTER NAME OF GOVERNMENT ENTITY}

6. Type of organisation

[SELECT TYPE OF ORGANISATION]

7. Geographical scope

SUGGESTED SCOPE: National. [ENTER COUNTRY NAME]

About the commitment

8. Title of commitment

SUGGESTED TEXT: National Effort to Eliminate Lead in Paint

9. Describe the commitment

SUGGESTED TEXT: To prevent the significant health risk to our citizens, especially children, from lead in paint, [COUNTRY] commits to work toward establishing a legal limit on lead in paint by 2020. As part of this national effort, we will work with key stakeholders such as industry, civil society and the health sector.

10. When will the commitment begin to be implemented?

Start month

SUGGESTED MONTH: December

Start year

SUGGESTED YEAR: 2017

11. What is the projected end date?

End month

SUGGESTED MONTH: December

End year

SUGGESTED YEAR: 2020

12. Is the commitment going to be monitored?

[CHOOSE YES OR NO]

13. What type of resources are required to deliver on the commitment?

SUGGESTED TEXT: Materials provided by the Global Alliance to Eliminate Lead Paint, such as the "Model Law and Guidance for Regulating Lead Paint" will support our policy efforts. The Model Law provides information about how countries can establish effective laws and regulations to restrict the manufacture, import and sale of lead paint.

14. What resources have already been mobilized to deliver on the commitment?

[PLEASE ENTER ANY RESOURCES MOBILIZED HERE.]

More details on the commitment

15. What pollution areas does the commitment address?

SUGGESTED SELECTION FROM LIST: Chemicals and waste

16. Does the commitment relate to the following longer-term transformative actions or enabling conditions?

SUGGESTED SELECTIONS FROM LIST:

Integrating policies to tackle pollution;

Improving pollution-related governance and policies

17. Which Sustainable Development Goals does the commitment contribute to?

SUGGESTED SELECTION FROM LIST: (3) Good Health and Well-Being

18. Does the commitment contribute to other multilateral frameworks and environmental agreements? Which ones?

SUGGESTED TEXT: In 2009, the 2nd International Conference on Chemicals Management (ICCM2) Resolution II/4/B focused attention on "lead in paint" as an emerging issue, and endorsed the establishment of a global partnership to phase out lead in paint, now called the Global Alliance to Eliminate Lead Paint. In 2015, the global elimination of lead in paint by 2020 was re-affirmed as a global priority issue at the Fourth Session of the International Conference on Chemicals Management (ICCM4).
