We live in a world where 1 IN 9 PEOPLE IS UNDERNOURISHED

75% of crop diversity has been lost to MONOCROP CULTURE making crop more VULNERABLE TO PEST OUTBREAKS AND DISEASES

INVEST IN SMALLHOLDER FARMERS especially WOMEN to increase food security and improve nutrition for the poorest

SMALLHOLDER FARMERS provide 80% of the food consumed in the developing world. Mostly rainfed their agriculture is particularly VULNERABLE TO DROUGHTS AND FLOODS

INCREASE AGRICULTURAL PRODUCTIVITY and ENSURE EQUITABLE ACCESS to food for all

DIVERSIFY PLANT VARIETIES to reduce crop failure and promote nutritious diets
