

1<sup>st</sup> December, 2014

To whom it may concern,

**Subject: Request to be considered a contributor to the work of the Global Alliance to Eliminate Lead in Paint**

The Centro de Ecoeficiencia y Responsabilidad Social (CER) – operated within the NGO Grupo GEA – and established as a national cleaner production center (NCPC), from the UNIDO and UNEP RECP Global Net, endorses the goals and objectives of the Global Alliance to Eliminate Lead Paint and wishes to be considered a contributor to the work of the Global Alliance.

The contribution that we would like to make to the work of the Global Alliance is described below:

1. Build capacities in the industries, especially SMEs, regarding the available technology to manufacture lead free paints.
2. Support the feasibility of the production of lead free paints in cooperation with business, industry and public entities.
3. Support the development of guidelines for establishing national standards regarding lead concentration in paints.
4. Exchange information to promote industries and end-users awareness of the hazards of lead paint.
5. Encourage the use of financial incentives to support the use of lead-free paints through the Green Credit Trust Fund of Peru.

The CER understands that this letter of intent is not legally binding and that a copy of this letter of commitment and the name of the Centro de Ecoeficiencia y Responsabilidad Social will be publicly listed on the Global Alliance web site.

Yours sincerely,

Marcos Alegre Chang  
**Director**  
**CER/Grupo GEA**
