Request to be considered as a Partner in the Global Alliance to Eliminate Lead in Paint

To Whom it May Concern

National Center of Public Health endorses the goal and objectives of the Global Alliance to Eliminate Lead Paint and wishes to be considered a Partner in the work of the Lead Paint Alliance.

I would like to support the work of the Alliance as describe below:

- Initiate activities to raise awareness of the health impacts of exposure to lead in paint;
- Serve as a government mentor to provide expertise and advise to other governments interested in establishing legal limits on lead paint;
- Provide expertise and advice to paint companies in producing paint without lead additives.

Unfortunately, due to the period with economy in transition, we can't provide financial support for Alliance activities.

I understand that this letter of intend is not legally binding, and that a copy of this letter requesting to become an Alliance partner and the name of National Center of Public Health will be listed on the Lead Paint Alliance web site (www.unep.org/noleadinpaint).

Contacts: **Dr. Iurie Pinzaru** – Head, Chemical Safety and Toxicology Center (e-mail: iurie_pinzaru@cnsp.md).

Yours sincerely,

Mihail PISLA, PhD
