

**Global Workshop  
“From NIPs to Implementation”  
23-24 October 2018**

A large, illuminated 3D sculpture of the word "Montevideo" in a sans-serif font, glowing with a warm orange and yellow light. The sculpture is set on a dark, flat base. In the background, a city skyline is visible at dusk, with buildings lit up and a body of water to the left. The sky is a deep blue with some clouds. The overall scene is a vibrant urban night view.

**Montevideo**

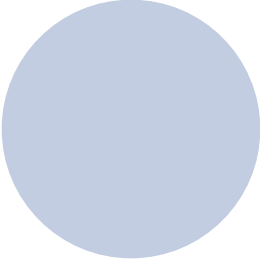

# Global project on the updating of National Implementation Plans for POPs

---

## **Meeting objectives**

*Jacqueline Alvarez, Head  
Knowledge and Risk Unit  
Chemicals and Health Branch  
Economy Division*

# Meeting objectives

**Disseminate lessons learned/good practices on the NIP development, update and implementation processes at national levels**

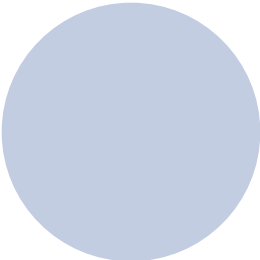

**Sharing of information on main findings**

**Identify national and regional opportunities to address remaining challenges in implementing the Stockholm Convention**

# Expected outcomes

**Providing feedback and discuss main findings of the “From NIPs to Implementation: Lessons learned report (Draft)”**

**Mapping out the remaining challenges in implementing the Stockholm Convention**

**Shape the future potential steps**

# Thank you
