**Subject:** Supporting the goal of the UNEP Global Mercury Partnership

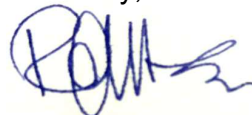

Dear Colleague,

Please accept this request to join the UNEP Global Mercury Partnership on behalf of Concorde East/West Sprl, which has worked worldwide on mercury issues for more than 25 years. This letter confirms support of the Partnership; commits to work toward its goal of protecting human health and the global environment from the release of mercury and its compounds by minimizing and, where feasible, ultimately eliminating global, anthropogenic mercury releases to air, water and land; and specifies below how CE/W will contribute to meeting the goal of the Partnership in each of the following partnership areas:

- mercury cell chlor-alkali production. CE/W will continue to share information on this industry, including quantities of mercury used and released, remediation of decommissioned sites and waste treatment, etc.
- mercury in products. CE/W will continue to develop and share information on regional and global use of mercury in products (with a particular focus on dental amalgam), and will support efforts to reduce these uses.
- mercury waste management. CE/W will continue to develop and share information on the management of mercury wastes, especially in the oil and gas industry.
- mercury supply and storage. CE/W will continue to develop and share information on sources and trade of mercury worldwide, and especially mercury supply as a critical indicator of the effectiveness of the Minamata Convention.

Thank you in advance for your consideration of this request.

Sincerely,

Peter Maxson  
Director

## UNEP GLOBAL MERCURY PARTNERSHIP INFORMATION ON BECOMING A PARTNER

### PARTNERSHIP AREA

Please check the partnership areas to which your organization intends to contribute to:

- artisanal and small scale gold mining
- mercury cell chlor alkali production
- mercury air transport and fate research
- mercury in products
- mercury releases from coal combustion
- mercury waste management
- mercury supply and storage mercury supply and storage
- mercury releases from the cement industry

Please indicate in your support letter how your organization intends to contribute to each of the indicated partnership areas.

### ORGANIZATION NAME

Concorde EastWest Sprl

### NAME, FUNCTIONAL TITLE OF REPRESENTATIVE

Peter MAXSON, Director

### ADDRESS OF ORGANIZATION

10 av. Rene Gobert – 1180 Bruxelles – BELGIUM

### TEL. No.

+32 2 374 36 47

### EMAIL

concorde.max@gmail.com; peter.maxson@gmail.com

### FAX No.

### WEBSITE/URL

### TYPE OF ORGANIZATION

- Government
- Regional economic integration organization
- Non-government Organization
- Industry
- Scientific community
- Other, please specify: Consulting firm (Hg expertise)

\*UNEP Global Mercury Partnership Registration Forms are to be accompanied by a letter to UNEP signifying support for the UNEP Global Mercury Partnership and commitment to achieving the partnership goal. The support letter should specify how the organization intends to contribute to meeting the goal of the UNEP Global Mercury Partnership. Please submit the support letter and registration form to:
