DIRECTORY OF NON-GOVERNMENTAL ORGANIZATIONS
MAP PARTNERS

UNEP
Athens, 1999
INTRODUCTION

During their Ninth Ordinary Meeting in Barcelona, 5-8 June 1995, the Contracting Parties to the Barcelona Convention approved a list of Non-Governmental Organizations (NGOs) which would be MAP Partners. A selection criteria aiming at improving and strengthening cooperation between MAP and NGOs was also approved. In accordance with these guidelines and in order to facilitate MAP-NGO cooperation, the MEDU library has prepared the Directory of Non-Governmental Organizations-MAP Partners.

The Directory lists all 71 NGO/MAP Partners as of April 1999, their Focal Points and other pertinent information, and is divided into two parts:

A. List of Non-Governmental Organizations, MAP Partners in the field of environment and development, entitled, in principle, to participate with observer status in MAP meetings; and

B. List of Thematic Non-Governmental Organizations which can be associated with MAP general meetings or specialised activities, as the case may be.

In the Directory, the name of the Non-Governmental Organization is cited in English and its original language, whenever given, in transliterated form. It is followed by the NGO Focal Point, Name, Title, Address and communication details. One brief paragraph outlining the purposes and objectives of the NGO follows.

Annex I contains the decisions of the Contracting Parties, Barcelona, June 1995, the decisions of the Extraordinary Meeting of the Contracting Parties, Montpellier, July 1996, as well as those of the Tenth Ordinary Meeting, Tunis, November 1997 and the Bureau of the Contracting Parties, Tunis, March 1998, concerning MAP/NGO cooperation and criteria of selection, followed by the amended List of NGO/MAP Partners as contained in Annex II.

MAP COOPERATION WITH NON-GOVERNMENTAL ORGANISATIONS

1. INTRODUCTION

1.1 It is the general policy of UNEP/MAP to encourage relevant international, regional and national Non-Governmental Organisations (NGOs) in the Mediterranean region to cooperate with and participate in the work of UNEP/MAP in carrying out environmental protection and sustainable development activities.

The Rules of Procedure of MAP were amended by the Contracting Parties in 1989 to cover this policy:

"The Executive Director shall, with the tacit consent of the Contracting Parties, invite to send representatives to observe any public sitting of any meeting or conference, including the meetings of technical committees, any international non-governmental organisation which has direct concern in the protection of the Mediterranean Sea Against Pollution".

(Rule 8).

1.2 The objectives of MAP's collaboration with NGOs are to advance the general purposes of MAP and to promote the policies, strategies and programmes derived from the Barcelona Convention and its related protocols and the decisions of the Contracting Parties and in particular, in training and mobilising public attention to critical environmental issues, in creating a favourable climate for environmental actions, public support and monitoring, and in promoting the policies of their own organisations in support of UNEP's goals.

Moreover, the purposes of such collaboration are to secure expert information and advice and technical cooperation and assistance from international NGOs and to enable organisations which represent important sections of public opinion in the Mediterranean to express the views of their members.

1.3 MAP shall, in relation to NGOs, act in conformity with the various decisions of the Meetings of the Contracting Parties to the Barcelona Convention.

2. EXCHANGE OF INFORMATION

2.1 Any Non-Governmental Organisation (NGO) which is concerned primarily with environmental issues and sustainable development in the Mediterranean or a part of the Mediterranean area and is free from concerns of commercial or profit making nature may exchange information with MAP and receive information from it.

As approved by the Contracting Parties to the Barcelona Convention (Barcelona, 5-6 June 1995)
2.2 This exchange is carried out on the basis of correspondence sent by the NGO in which it makes clear:

- the relevance of its aims and activities to the MAP goals stipulated in the Barcelona Convention and its protocols;

- the existence of a Constitution or terms of reference approved by an Assembly and a programme of activities, a Board of Directors (or equivalent) and a Bureau or a Committee elected at regular intervals;

- the establishment of its headquarters or one of its offices in a Mediterranean country (since at least two years);

- the indication of the assistance (activities, training programme, raising of public awareness, scientific support, etc.,) that the NGO can provide in furtherance of MAP’s policies.

2.3 Any NGO which has thus become a MAP partner shall receive free of charge:

- MEDWAVES; and

- public documents prepared by MAP on such activities as are likely to be of interest to the Organisation.

2.4 This status shall not entitle the Organisation to receive any financial support. Furthermore, it shall not automatically entitle the organisation to attend either general or specialised meetings.

3. POSSIBILITY FOR NGOS TO ATTEND MAP MEETINGS

3.1 In order for NGOs to be represented and more importantly to contribute to the dialogue within the framework of MAP concerning its goals, aims and programmes, the Coordinating Unit may invite them to attend general and/or more specialised meetings in accordance with Rule 8 of the Rules of Procedure of the Meetings of the Contracting Parties. They shall receive the documents relevant to their respective field of activity.

3.2. The Coordinating Unit shall keep an updated (public) list of NGOs that have come into contact with it. Prior to the Ordinary Meetings of the Contracting Parties this list shall be circulated, along with the invitation letters, to the Contracting Parties for their clearance, in accordance with Rule 8 of the Rules of Procedure of MAP.

3.3 The Bureau of the Contracting Parties shall review collaboration with NGOs listed on the MAP List, every two years and shall determine the desirability of maintaining or if not, discontinuing official relations.
3.4 Priority shall be given, for general meetings to:

- NGOs of international scope and/or regional scope and multidisciplinary interest recognised in their statutes, multinational representation in their governing boards as well as their activities, especially those contributing to Mediterranean cooperation, be concerned with matters covering a substantial portion of MAP's field of activity.

The dossier to be submitted by an NGO shall contain information illustrating the above mentioned points and especially:

a. the NGOs' s Constitution or terms of reference and its rules of procedure, as well as a list of the Board of Directors (or equivalent) and Bureau;

b. its programme of activities for the coming biennium;

c. the report of activities of years past and most especially of the previous year which shall shed light on successes and difficulties;

d. the organisation's own proposals for improving Mediterranean cooperation and the commitments it intends to undertake in order to contribute to such cooperation;

e. the budget for the current year and for the coming year.

- a rotating representation (e.g. every two years) of some national organisations which are equitably selected among the North, the South, the East and the West of the Mediterranean Region, if possible through agreement among such organisations;

3.5 For specialised meetings, priority shall be given to organisations covering more than one country or the whole Mediterranean area if possible. They shall be invited to specialised meetings on the basis of their particular interest. They shall be concerned with matters covering a portion of MAP's field of activity.

3.6 No organisation shall take advantage of its presence at a given meeting to express political, philosophical or religious view. It shall respect the confidentiality of information presented, if the Contracting Parties so request.

3.7 When a Contracting Party organises or is host to a MAP meeting, it shall be given authority to authorise the exceptional participation of a reasonable number of national or sub-regional organisations for the general meetings. The list of such organisations shall be sent in writing at least one month before the meeting to the Coordinating Unit or to the relevant Regional Activities Centre (RAC).

3.8 Regional Activities Centres (RACs) shall have a certain margin of manoeuvre, in respect of the meetings they organise, to complete the list with NGOs interested in the problems to be discussed or in those dealt with specifically by the Regional Activity Centre.
4. RESPONSIBILITIES OF INVITED NGOs IN THEIR RELATIONS WITH MAP

4.1 NGOs shall cooperate with MAP for the furtherance of the objectives of the Barcelona Convention and its related protocols and shall be responsible for implementing the mutually agreed programme of collaboration.

4.2 NGOs shall utilise the opportunities available to them through their normal work to disseminate information on MAP policies and programmes.

4.3 NGOs shall collaborate individually or collectively in the implementation of MAP programmes.

4.4 NGOs shall send to MAP their reports and publications on an exchange basis.

4.5 NGOs shall keep MAP informed of changes in their structure and/or interested public, as well as of important changes in their secretariat.
