1 Please note that a number of side meetings will take place during the week of 20 September related to the Global Mercury Partnership. This is a list of side meetings:

Partnership Area Leads: 20 September 2010, 16.00 - 17.00

Meeting purpose: To provide a forum for discussing the GEF project on energy efficient lamps and to discuss related consumer, environmental protection and recycling issues. For more information contact: Gustavo Mañez Gomis (gustavo.manez@unep.org) or Desiree Montecillo Narvaez (desiree.narvaez@unep.org).

Consultation on mercury waste and storage: Thursday 23 September 2010, 9.30-17.00
Meeting purpose: To identify and address gaps and needs in projects on mercury containing waste and on mercury storage in relation the Basel draft technical guidelines on the environmentally sound management of mercury and the BAT/BEP guidance for waste management. For more information contact: Heidelore Fiedler (heidelore.fiedler@unep.org) and Desiree Montecillo Narvaez (desiree.narvaez@unep.org).

Artisanal and Small Scale Gold Mining Geneva Briefing: Thursday 23 September 2010, 14.30-17.00
Meeting purpose: To raise awareness of this global development issue and build collaboration with international organizations, missions, the private sector and non-government organizations in the Geneva area. For more information contact: Brenda Kockkoe (41 22 917 8867)
