Dear Sir or Madam,

The Money Stone is a documentary film currently in production on the subject of small-scale gold mining. The mission of the film is to inspire a spirit of cooperation among government, industry, miners, and consumers in order to create a sustainable, just and environmentally sound future for mining communities. I invite you to visit our website at www.moneystonefilm.com to learn more about us and see a trailer. I was referred to the UNEP Global Mercury Partnership by one of your current partners, Dr. Kevin Telmer of the Artisanal Gold Council, who has recently joined our Board of Advisors.

The producers of *The Money Stone* support the goal of the UNEP Global Mercury Partnership of minimizing the release of mercury to the environment. Our film may serve as an educational tool for other partner organizations and will inform the public about this little-understood issue. We look forward to working with all of you in the service of this objective.

Best regards,

Paula Ely
Producer
