WELCOME

Day 2 of the High Level Experts Session
Wednesday 29ᵗʰ October 2014

Transport in Africa

Day 2:

Sustainable Transport Priority Action Development

BREAKOUT SESSION OBJECTIVE

To develop recommended sustainable transport priority actions for deliberation by the Ministers

❑Provide an open environment for discussion

❑Focus on priority issues in Africa

❑Achieve consensus

❑Offer diverse groups an opportunity to be heard

Approach to Breakout Sessions

❑ 1 French sessions and 3 English sessions

- ▪ No interpretation in sessions
- ▪ Approx. 40 participants in each session

❑ Very interactive!

❑ Facilitator , rapporteur and resource person all identified in advance and briefed

❑ Each group will discuss all of the issues – holistic approach

❑ 4 outputs will be merged into 1 for Ministers' deliberations

Questions to Discuss

❑ **Questions to discuss**

➢ What do you think should be the priorities for sustainable transport in Africa?

➢ How can the ASTF make a difference to promote sustainable transport? What is the added value of ASTF?

Facilitators will guide you through the

process and timings

Challenges

❑Discussion of complex issues, with little time

❑Making priority actions specific and tangible

❑Giving everyone an opportunity to have their voices heard

❑Merging the discussions into a coherent presentation to the Ministerial session

Breakout Process

9.45am   Depart for Breakout Rooms

9.50am   Brief introduction from facilitator

9.55am   Individual priority action brainstorming

- Using sticky notes – as specific as possible
- 10 Minutes to cover **ALL** Categories
- Come up with at least one priority for each

10.05am   Facilitator led 'clustering' – identifying themes

10.35am   Voting (review the clusters and agree on two
                priorities for each category)

10.50am   Action Framework development

- Timelines for achievement (short/medium/long)
- Champion/Lead
- Added value of the ASTF

11.15am   Finish and save proposed framework to memory stick

11.20am   Prompt Start - each facilitator reports back for **10 minutes**

Priorities for Action	Timeline for achievement	Champion
Category 1 - ENABLERS (e.g. knowledge/capacity building, data collection & monitoring, institutional management, political commitment, funding, etc.)		
Priority 1		
Priority 2		
Category 2 – ROAD SAFETY (e.g. policy, road design and infrastructure, speed control, traffic calming strategies, strict driver licensing, post-accident care, etc)		
Priority 1		
Priority 2		
Category 3- ACCESSABILITY & SUSTAINABLE INFRASTRUCTURE (e.g. NMT , public transport systems, mass transit, integrated transport planning, traffic demand management)		
Priority 1		
Priority 2		
Category 4- EMMISSIONS (e.g. reducing vehicle emissions, fuel economy, energy, testing, clean technology, etc.		
Priority 1		
Priority 2		
Role of the ASTF
