Conference of the Parties to the Bamako Convention on the Ban of the Import into Africa and the Control of Transboundary Movement and Management of Hazardous Wastes within Africa
“The Bamako Convention: A platform for a Pollution Free Africa”

Second Meeting of the Conference of the Parties to the Bamako Convention
Ministerial Segment Meeting

Abidjan, 30 January - 1 February 2018

Establishing a List of Hazardous Substances to be considered Hazardous Waste under Article 2, paragraph 1(d).

Note by the Secretariat

1. Introduction

1. Article 2, paragraph 1(d) of the Bamako Convention which considers hazardous substances, including products as hazardous waste if they have been banned, cancelled or refused registration by government regulatory action, or voluntarily withdrawn from registration in the country of manufacture, for human health or environmental reasons;
2. In decision 1/22 the First Conference of parties requesting the Secretariat, in cooperation with the Secretariat of the Rotterdam Convention to produce a list of substances described by Article 2, paragraph 1(d) in order to establish a new Annex VI to be approved at the Second Meeting of the Conference of Parties.
3. With regard to the above there is a need to establish a dynamic list of substances described by Article 2, paragraph 1(d) in order to complete a new Annex containing such substances and to provide Parties with a complete hazardous waste definition as defined by the Bamako Convention.

2. Proposed action

The Conference may wish to adopt a decision along the following lines:

Decision On establishing a List of Hazardous Substances to be considered Hazardous Waste under Article 2, paragraph 1(d).

The Conference:

Recalling Article 2, paragraph 1(d) of the Bamako Convention which considers hazardous substances, including products as hazardous waste if they have been banned, cancelled or refused registration by government regulatory action, or voluntarily withdrawn from registration in the country of manufacture, for human health or environmental reasons;

Further recalling decision 1/22 of the First Conference of parties requesting the Secretariat, in cooperation with the Secretariat of the Rotterdam Convention to produce a list of substances described by Article 2, paragraph 1(d) in order to establish a new Annex VI to be approved at the Second Meeting of the Conference of Parties.

Recognizing, the need to establish a dynamic list of substances described by Article 2, paragraph 1(d) in order to complete a new Annex containing such substances and to provide Parties with a complete hazardous waste definition as defined by the Bamako Convention, in order to increase the implementation and enforcement of the Bamako Convention;

Hereby

1. **Adopts** the list hereto annexed as a resource for Parties and others, to assist in implementation of the Convention and in particular Article 2.
2. **Requests** the Secretariat to make this list available online and upon request to Parties and others and to ensure in consultation with the Secretariat of the Rotterdam Convention that it is updated on an annual basis.
3. **Urges** Parties to report to the Secretariat any additional hazardous substances which fall under the scope of Article 2, paragraph 1(d) at the earliest opportunity, in order to assist the Secretariat in continuously updating the list of hazardous substances for submission to the next Conferences of Parties.
4. **Calls on**, Parties to amend their laws as necessary to ensure that substances described by Article 2, paragraph 1, (d) of the Convention are considered and controlled as hazardous waste.
5. **Urges** Parties that are also Parties to the Basel Convention to submit the "Non-exhaustive list of hazardous substances which have been banned, cancelled or refused registration by government regulatory action, or voluntarily withdrawn from registration in the country of manufacture, for human health or environmental reasons (art. 2 para. 1 (d) Bamako Convention)" to the Secretariat of the Basel Convention as part of their national reporting obligations under article 13.2 of the Basel Convention.

ANNEXE: List of Hazardous substances which have been banned, cancelled or refused registration by government regulatory action, or voluntarily withdrawn from registration in the country of manufacture, for human health or environmental reasons (art. 2 para. 1 (d) Bamako Convention).

Note: This is not an exhaustive list of banned, cancelled, refused registration or voluntarily withdrawn substances. This document should be considered an ongoing living document. This list is mostly derived from pesticide regulations in various countries. There are other industrial chemicals and chemical products that have been banned by regulations. For example more research will be needed on fuels banned for example from use European Union, please check Council Directive 2009/30/EC amending Directive 98/70/EC and Directive 1999/32/EC and repealing Directive 93/12/EEC [2009] OJ L 140/88, Art 8(a), Annex I and Annex II, available at:

<http://eurlex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2009:140:0088:0113:EN:PDF>

There are other products that similarly are defined by what is allowed rather than by what is banned – e.g. lead content in ceramics etc. This will likely require some additional work after COP2 to examine such products.

464178-90-3	2-Propen-1-ol, reaction products with pentafluoroiodoethane tetrafluoroethylene telomer, dehydroiodinated, reaction products with epichlorohydrin and triethylenetetramine	x				Canada (1)
No CAS Number attributed	Allethrin [(IR)-isomers]	x				UAE (1)
No CAS Number attributed	Arsenic Compound	x				Cambodia (1), Laos (2), UAE (3)
No CAS Number attributed	Fluorine compounds (Metahnesulfonyl fluoride, Sodiumfluoride, Sodium hexafluorosilicate, Sodium fluorosilicate)	x				UAE (1)
No CAS Number attributed	Lead Compound (Pb)	x				Cambodia (1), Egypt (2), UAE (3)
No CAS Number attributed	Organotin					Philippines (1)
No CAS Number attributed	Selenium Compound (Se)	x				Cambodia (1), Laos (2)
No CAS Number attributed	Sodium Compound	x				Cambodia (1)
No CAS Number attributed	Tainium Compound	x				Cambodia (1)
No CAS Number attributed	Thiram Combinations	x				Kenya (1)
