**REPORT ON INTERNATIONAL OZONE DAY**

Timor-Leste celebrated the International Ozone Day and the 30<sup>th</sup> Anniversary of Montreal Protocol on 14-15 September 2017.

There were several activities that have been done for the celebration of International Ozone Day 2017, such as:

- Distribution of information through SMS package TT (Timor-Telecom) service to 5000 clients in Dili on the celebration of ozone day and the 30<sup>th</sup> anniversary of Montreal Protocol and importance of protecting ozone layer. Two different messages were sent out to 5000 clients consecutively on Thursday and Friday (14 – 15). This was used as public awareness and to invite public to participate in the exposition.
- On 14<sup>th</sup> of September was the Opening of Exposition to public in center court of Timor Plaza. The objective of the exposition was to distribute information to public and to raise awareness on the importance of ozone layer and how to protect the ozone layer, introduction to Ozone-depleting substances (ODS) and the ODS alternatives. There were Expo stands including Importer ODS, Servicing Workshop, Vocational Training School (CNFP) and Custom Department. It was started at 9.30 am until 4.30 pm.

Visitor got a gift for correct answer of the quiz

- On 15<sup>th</sup> of September were the Celebration of International Ozone Day and the 30<sup>th</sup> Anniversary of the Montreal Protocol. While the exposition was open for public, there was a ceremony for Ozone Day. First, a message by the General Director of Environment, on the International of Ozone Day and the anniversary of the Montreal Protocol.

Followed by an Interactive Talk session by the General Director of Environment, National Directorate of Climate Change and the Representative Customs Department (General Directorate of Customs). After the Interactive Talk, there was also quiz open for public especially for those who pass by the stands and the students who came by. Those who know the answer to the question on Quiz session got gifts that consisted of package of stationery and USB drive. Poster and brochures were distributed to people surround the place. The event was end with symbolically hand-over the identifier machine to the custom officers especially to the ports and borders.
