

ICCM2 Resolution

on

Chemicals in products

The Conference,

Recalling the Overarching Policy Strategy of the Strategic Approach and its provisions on knowledge and information, which state, among other things, the objective of ensuring that information on chemicals throughout their life cycle, including, where appropriate, chemicals in products, is available, accessible, user-friendly, adequate and appropriate to the needs of all stakeholders,

1. *Agrees*, with a view to taking appropriate cooperative actions, to consider further the need to improve the availability of and access to information on chemicals in products in the supply chain and throughout their life cycle, recognizing the need for further action to fulfil the overall objective of the Strategic Approach that by 2020 chemicals are used and produced in ways that minimize significant adverse effects on human health and the environment;

2. *Decides* to implement a project with the overall objective of promoting the implementation of paragraph 15 (b) of the Overarching Policy Strategy of the Strategic Approach to International Chemicals Management with reference to relevant portions of the Global Plan of Action;

3. *Agrees* that the project will:

(a) Collect and review existing information on information systems pertaining to chemicals in products including but not limited to regulations, standards and industry practices;

(b) Assess that information in relation to the needs of all relevant stakeholders and identify gaps;

(c) Develop specific recommendations for actions to promote implementation of the Strategic Approach with regard to such information, incorporating identified priorities and access and delivery mechanisms;

4. *Recommends* that proposals for cooperative actions should take into account the Globally Harmonized System of Classification and Labelling of Chemicals and avoid any duplication of efforts under that system;

5. *Invites* the United Nations Environment Programme, as part of its programme of work, to lead and facilitate the project in an open, transparent and inclusive manner, for instance through use of the Strategic Approach clearing-house mechanism and to constitute a steering group to advise it on the development and implementation of the project;

6. *Requests* each member of the Bureau of the Conference, following consultation within the member's region, to nominate one expert each from the respective region to the steering group, and the four representatives of non-governmental participants and one representative of the Inter-Organization Programme for the Sound Management of Chemicals participating in discussions of the Bureau in accordance with paragraph 2 of rule 15 of the rules of procedure to nominate one expert each and decides that the steering group should be established no later than 15 July 2009 and should operate to the extent possible using electronic means;

7. *Invites* the United Nations Environment Programme to prepare relevant background documents and to facilitate a workshop to implement the objectives indicated in paragraphs 3 (b) and (c);

8. *Encourages* interested stakeholders and organizations to provide support to the project, including by developing and using relevant information and guidelines and compiling case examples, approaches and tools;

9. *Requests* all Governments, intergovernmental organizations and non-governmental organizations, including from the private sector, to provide expertise and financial and in-kind resources on a voluntary basis to support the project;

10. *Invites* the United Nations Environment Programme to report on the project and its outcomes to the Open-ended Working Group at its first meeting and to the Conference at its third session for consideration and possible decision on cooperative actions
