

Resilience to Disasters & Conflicts

**Programme Performance Review
January 2018 to June 2019**

(6th Annual Subcommittee – 8 October 2019)

PoW 2018-2019

Sub-programme 2

Expected Accomplishments

Expected Accomplishment A : Risk Reduction

Expected Accomplishment B : Response

Expected Accomplishment C : Recovery

PoW 2018-2019

Sub-programme 2

Expected Accomplishments

SP 2 EA A

January 2018 – June 2019 progress

Risk Reduction:

- **UNEP supported 17 countries in reducing the risks of disasters, industrial accidents and conflicts.**
- **Conflict and disaster risk assessments, guidance on policy and best practices, training and capacity building and preparedness on environmental emergencies.**
- **Supporting conflict debris management, oil pollution clean-up, safe production methods.**

SP 2 EA B

January 2018 – June 2019 progress

Response:

- **Earthquake in Papua New Guinea**
- **Oil spill and dam risk in Colombia**
- **Flooding in Nigeria**
- **Flooding in Kerala, India**
- **Grounding of tanker in Solomon Islands**
- **Cyclone in Mozambique**

SP 2 EA C
January 2018 – June 2019 progress

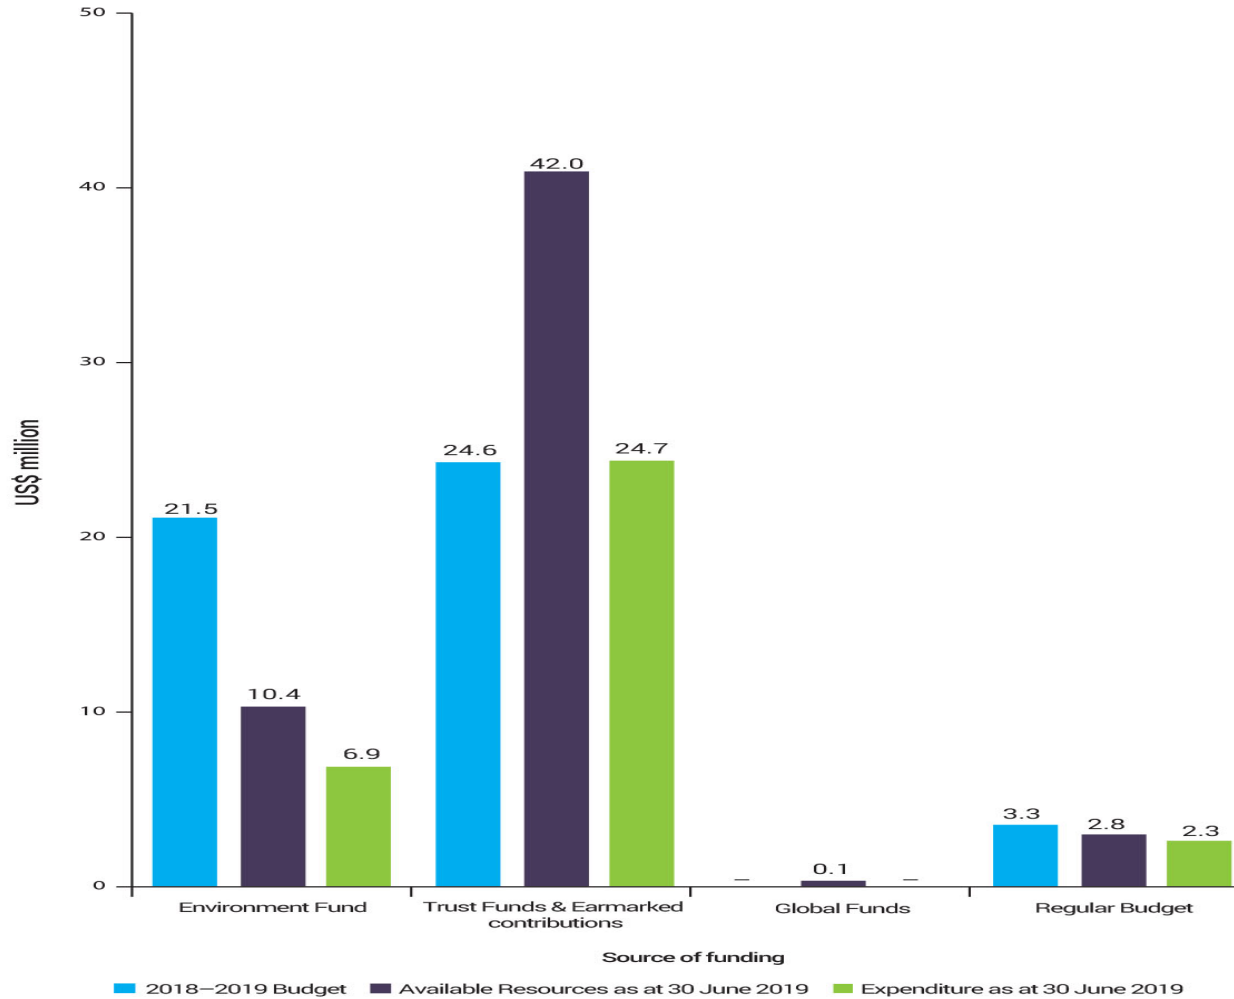

Recovery:

- **State of the environment report for South Sudan.**
- **Assessments for Somalia and Palestine.**
- **Strengthening of policy and on-the-ground resilience in Sudan, Afghanistan and Haiti.**

FINANCIAL OVERVIEW

Financial Performance: SP2 Resilience to Disasters and Conflicts

Challenges and Risk management

- 1. Enhancing response work**
- 2. Increased support to Country presences**
- 3. Enhanced oversight and due diligence**
- 4. Delivery of environmental data to critical field missions**

Looking Ahead

- 1. A clear Menu of Services.**
- 2. Normative policy and programmatic impact and strengthened results at the field level in the context of UN Development System Reform.**
- 3. Consider new country presence and operations models.**
- 4. Stronger performance indicators for stronger results-based management.**

Dialogue and Discussion

- Assuring a normative presence on the ground in order to best deliver policy and programmatic advisory support within the framework of the UN Development System reform at country level.
