

# The Environment and Trade Hub

## Who we are

The Environment and Trade Hub works with many public and private partners on knowledge and capacity enhancement to make trade work for the environment and contribute to the environmental dimension of the **Sustainable Development Goals**.

It develops **analyses, tools and methodologies** on the trade and environment nexus and offers **advisory services** according to countries' needs and priorities.

By acting as a convener and facilitator, the Hub promotes national, regional and international **cooperation between environment and trade communities** and shapes the global agenda on environment and trade.

## What we offer

- Technical training supporting international, regional and national design and implementation of sustainable trade policies
- Assistance in designing trade and environment related agreements
- Development of tools, methodologies and indicators for sustainable trade
- Identification and dissemination of best practices
- Support to stakeholder consultations and national, regional, and international dialogues on advancing the sustainable trade agenda
- Targeted stakeholder training and awareness raising activities
- Identification of sector- or region-specific sustainable production and trade opportunities
- Opportunity assessments and research, and country action plans

## How to reach us

Environment and Trade Hub  
11-13 Chemin des Anémones  
Geneva, Switzerland
