

2020 WORLD OZONE DAY CELEBRATIONS IN BRUNEI DARUSSALAM

Brunei Darussalam celebrated World Ozone Day by launching a new National Park with four Ministers, Ambassadors and Diplomats, as well as other high-ranking government officials using this year's ozone day theme: 35 Years of Ozone Layer Protection.

The National Ozone Unit, Brunei Darussalam, also developed digital posters in English and local Malay language and were disseminated on all their online platforms.
