

Philippine Intervention on AHEG-4 Agenda Item 4 (d)

Analysis of the effectiveness of existing and potential response options and activities
(Resolution 4/6, para.7 (d)).

We thank the Secretariat and the Consultants for their substantive work that have produced the comprehensive overview of existing activities and actions as well as identifying technical and financial resources and mechanisms as taken up in earlier agenda items.

We recognize the importance of the proposed methodology in the conduct of the analysis of effectiveness.

But considering the nature of this exercise, any further assessment will only lead to further delay the process. We can now make use of the information out of these reports and results of the analyses in our further work especially on global response actions.
