## INTERVENTION PRESENTED UNDER AGENDA ITEM 6

Mr. Chair, Distinguished Delegates,

We thank the chair for his summary, and would like to support the views expressed here by many of the colleagues that the document must reflect all elements of the discussions that were held in the course of the past 3 years and also during this week.

To guarantee the objectivity of the AHEG process and mandate, the chair summary should reflect all the points put forward by delegations and stakeholders, including the reference and overwhelming support for a global agreement. This is of the utmost importance to inform subsequent policy discussions on the matter.
