Reimagine Agriculture comments on the zero draft of the UNEA-5 Ministerial Declaration

(Version circulated on November 3, 2021)

- Reimagine Agriculture thanks the Presidency for consulting broadly on the proposed outline.
- While there is some reference to land and land use in the outline, we feel it would be important that **the Vision** expressly mention **unsustainable agricultural practices**.
- We also believe that agriculture and/or agricultural practices should be mentioned in the **Operative Section** in the context of sustainable land use in OP9.
