THE TIME IS NOW:
JOIN THE FAITH FOR EARTH DIALOGUE SESSIONS AT UNEA 5.2

Dear Brothers and Sisters,

We are delighted to invite you to participate in the **Faith for Earth Dialogue** sessions that will be held as part of the United Nations Environment Assembly (UNEA 5.2), the highest global authority responsible for the environment component of sustainable development.

The dialogue sessions will be held during the period **21 February to 4 March 2022** and will be organised by dozens of faith-based organisations and include more than 120 speakers representing different religions and spiritual practices and addressing the main theme of [UNEA 5.2](#) on “Strengthening Actions for Nature to Achieve the Sustainable Development Goals”.

At Faith for Earth, we believe it is imperative that faith voices are heard, their perspectives considered, and their important contributions recognised at such forums.

Please see below on how to take an active part in the dialogue and make a difference in bringing environmental policy and spiritual responsibility closer together.
