NV NO. 337/2022

**VERY URGE**

2022/0011739/5

سفارة دولة قطر / نيروبي

The Embassy of the State of Qatar in Nairobi presents its compliments to the United Nations Environment Programme office in Nairobi and has the honor to refer to the Ministerial Declaration for UNEA 5.2 in regards to inputs from delegations that was due for submission by 30<sup>th</sup> November 2021.

The Embassy wishes to request the esteemed organization to consider allowing the attached Ministerial declaration inputs from the Ministry of Environment and Climate change of the State of Qatar.

The Embassy of the State of Qatar in Nairobi avails itself of this opportunity to renew to the United Nations Environment Programme, the assurances of its highest consideration.

10<sup>th</sup> February 2022.

**United Nations Environment Programme – UNEP**

**NAIROBI.**

Comments of the Ministry of Environment & Climate Change at the State of Qatar are as follows:

1. **OP8** We ~~continue~~ ~~commit to~~ supporting a green and just recovery, with the goal of revitalizing our economies and livelihoods, by mainstreaming environmental concerns into all policies and tools promoting economic recovery; by exploring and utilizing green economy pathways, increasing resource efficiency, environmentally sound business models and sustainable finance, and by reducing greenhouse gas emissions while adapting to climate change in line with the Paris Agreement **and as per national determined contributions of parties**, thereby enhancing the resilience of our economies and societies to future crises, and contributing to poverty eradication, putting us on a trajectory towards a healthy and harmonious relationship with nature.
2. Academic institutions need to take an important role in strengthening actions for nature to achieve the Sustainable Development Goals.
3. Also, the role of the NGO's and private sector is very important and needs to be defined in the same regard.
