## FAITH, ENVIRONMENT AND CLIMATE CHANGE ONLINE COURSE & FAITH FOR EARTH PODCASTS

Dear Brothers and Sisters,

Following a soft launch of the 8 module eLearning course [Faith, Environment and Climate Change](#) during the '[Faith for Earth Dialogue at UNEA 5.2](#)', we are delighted to invite you to join the pilot cohort of this course. The course aims to empower faith actors to address different dimensions of climate change and environmental challenges and contribute towards the attainment of the SDGs.

Developed in partnership in collaboration with [The King Abdullah bin Abdulaziz International Centre for Interreligious and Intercultural Dialogue](#) (KAICIID), UNEP Faith for Earth is pleased to **open participation** in the 8 module course to partners, colleagues, and friends on a first come, first served basis. We will selection 20 participants to be part of the pilot cohort.

Although primarily oriented towards faith actors, the contents of the eight modules that constitute the course will also be relevant for a wide range of stakeholders and it will ideally be a catalyst to help bridge potential faith-science/secular knowledge divide and encourage the founding of new partnerships and cooperation.

If you are interested in joining the first cohort of the [Faith, Environment and Climate Change Course](#) from **9 May - 11 July 2022**, kindly register below. This course is free of charge. Selected participants will be expected to dedicate at least 2 hours a week of their time and effort to complete this course.

## FAITH FOR EARTH & RELIGICA THEOLAB PODCASTS

On [14 March](#), UNEP Faith for Earth introduced [Religica Theolab](#) with Dr. Lyad Abumoghli's podcast about the incoming planetary crisis, our environmental responsibilities, hopes for the youth, and religious multilateralism entitled -- [The Future](#).

Since then, the [Podcast](#) has grown in number and in diversity, representing a range of faith actors around the world with a focus on leadership, community, and the shared common good.
