Outline

- Post-2020 process
- Outcomes of WG2020-3 (Geneva)
- Expectations for WG2020-4 (Nairobi)
- Road to COP15
- Q&A

WG2020

Full Title: Open-Ended Working Group on the Post-2020 Global Biodiversity Framework

Est. Nov 2018 by CBD COP14, Decision 14/34

Mandate: Prepare framework to succeed Aichi Targets for adoption at COP15

Co-Chairs:

Mr. Basile van Havre
(Canada) &
Mr. Francis Ogwal
(Uganda)

WG2020 Timeline

Aug 2019	WG2020-1 (Nairobi)
Jan 2020	Zero Draft published
Feb 2020	WG2020-2 (Rome)
Jul 2020	Updated Zero Draft published (based on outcomes of WG2020-2 and thematic consultations)
Feb/Mar 2021	Informal virtual SB meetings
Jul 2021	“First Draft” published (based on consultations, virtual SB meetings, over 2000 comments from Parties & stakeholders)
Aug 2021	WG2020-3.1 (online)
Oct 2021	COP15 (Part I)
March 2022	WG2020-3.2 (Geneva) – concurrent with SBSTTA-24 & SBI-3
21-26 June 2022	WG2020-4 (Nairobi)
tbd 2022	COP15 (Part 2, Kunming) – adoption of post-2020 framework

Key Elements of the Framework

As based on
the 'First
Draft' of the
Framework.

Expect these
elements to
evolve based
on ongoing
negotiations.

Set out an ambitious plan to transform society's relationship with biodiversity

Fulfill, by 2050, the shared vision of living in harmony with nature is fulfilled.

Galvanize action by governments and society

Contribute to the 2030 agenda for sustainable development

Build on a 'Theory of Change' recognizing the need for urgent policy action globally, regionally & nationally

Goals for 2050 that are related to the 2050 Vision for Biodiversity.

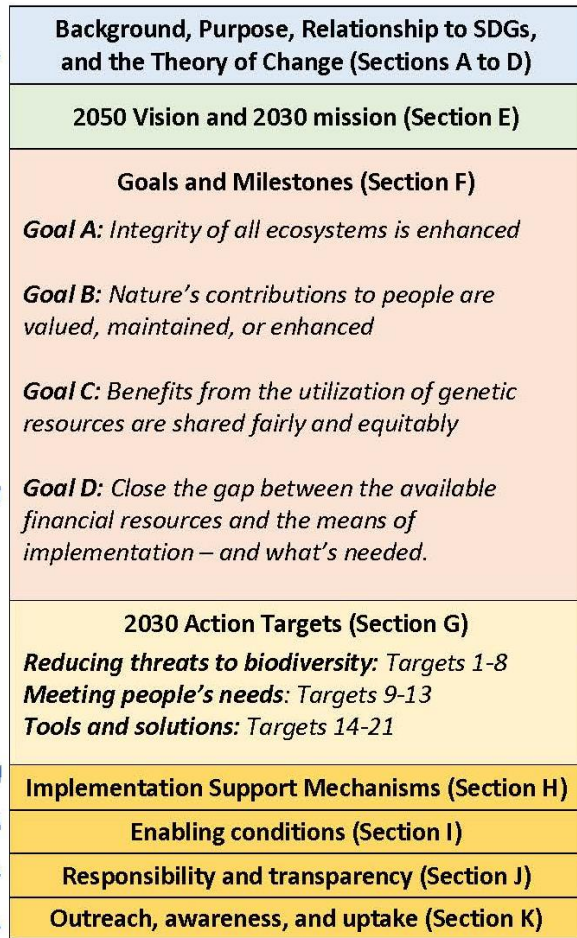

Milestones to assess progress in 2030

Means & know-how: Financing and support for implementation, building capacity, etc.

Coordination: A whole-of-government and society approach

Tracking action: Planning, monitoring, reporting & review

Engaging stakeholders worldwide: Create a true framework for all.

The **2050 Vision** is a world living in harmony with nature

The **2030 Mission** is to take urgent action across society to put biodiversity on a path to recovery by 2030

Targets for urgent action over the decade to 2030. The actions need immediate implementation and completion by 2030.

Together, the results will enable achievement of the 2030 milestones and the goals for 2050.

Actions to reach these targets should be in harmony with the CBD and its Protocols.

Digital Sequence Information (DSI)

A key issue related to the GBF focused on the rules for sharing DSI benefits at the international level to ensure both equity and the continuance of DSI research

WG2020-3: Facts and Figures

- Met virtually 23 August to 3 September 2021 (part I)
- Met in person in Geneva from 14 to 27 March 2022 (part II)
- Part II held concurrently with SBSTTA-24 and SBI-3
- More than 1900 registered participants (part II), almost 1400 in person (among the most highly attended to date)
- 151 Parties and more than 300 CSOs + other stakeholders
- 10 plenary sessions (parts I+II), interspersed with contact groups for detailed negotiation based on the First Draft of the post-2020 global biodiversity framework

WG2020-3: Outcomes (I)

The following recommendations were adopted:

3/1: Preparation of the post-2020 global biodiversity framework

- contains the draft text of the framework as negotiated in Geneva

3/2: Digital sequence information on genetic resources

- provides a concrete list of areas for further consideration;
preliminary elements of a draft decision for COP15.2 in annex

**3/3: Preparation of the post-2020 global biodiversity framework:
fourth meeting of the Working Group**

The full text of these recommendations is contained in the meeting report of WG2020-3 (part II) in document CBD/WG2020/3/7.

The **Fourth meeting of the Working Group (WG2020-4)** is scheduled to take place from 21-26 June 2022 in Nairobi, Kenya.

WG2020-3: Outcomes (II)

Status of draft framework at end of WG2020-3 (March 2022) – item 4

Not negotiated	Partially negotiated	Significant negotiation	
Section A: Background	Target 7	Section E: Mission	Target 9
Section B: Purpose	Target 8	Goal A	Target 10
Section C: SDGs	Target 13	Goal B	Target 11
Section D: Theory of Change	Target 20	Goal C	Target 12
Section H: Implementation	Target 21	Goal D	Target 14
Section I: Enabling conditions	Target 22 (new)	Target 1	Target 15
Section J: Planning, R & Review	Section B.bis	Target 2	Target 16
Section K: Outreach	Milestones	Target 3	Target 17
CoP Decision	Timeframe	Target 4	Target 18
		Target 5	Target 19.1
		Target 6	Target 19.2

WG2020-4: Agenda

1. Opening of the meeting.
2. Organization of work.
3. Reports from the Chairs of the Subsidiary Bodies of the Convention.
4. Post-2020 global biodiversity framework.
5. Digital sequence information on genetic resources.
6. Other matters.
7. Adoption of the report.
8. Closing statements.

WG2020-4: Expectations

- WG2020-4 will pick up where it left off in Geneva both for agenda items 4 (post-2020 GBF) and 5 (digital sequence information - DSI)
- Produce negotiated draft text with as few brackets as possible for adoption at COP15
- Further documentation to assist Parties & stakeholders in their preparation for WG2020-4 can be accessed here:

<https://www.cbd.int/meetings/WG2020-04>

- To date, 2100 participants have pre-registered for WG2020-4 of which 1000 are for on-site and 1100 for virtual participation (from 146 Parties, 232 observer organizations)

WG2020-4: Registration

To participate in WG2020-4, CPR representatives require:

- 1) **Accreditation** (nomination letter)
- 2) **Priority pass** (register online)
- 3) **Daily negative COVID test** (test kits provided)
- 4) **CBD badge + sticker** (from security that verifies negative COVID test)

In addition, to access WG2020-4 **plenaries**, CPR representatives need a **secondary badge** (only two per country, given at registration). Plenary proceedings can be watched in overflow room without **secondary badge**.
