### III. Contacts of Non-Member States and European Union accredited to the Committee of Permanent Representatives\*\*

#### What is a Permanent Observer?

Non-Member States of the United Nations, which are members of one or more specialized agencies, can apply for the status of Permanent Observer. The status of a Permanent Observer is based purely on practice, and there are no provisions for it in the United Nations Charter. The practice dates from 1946, when the Secretary-General accepted the designation of the Swiss Government as a Permanent Observer to the United Nations. Observers were subsequently put forward by certain States that later became United Nations Members, including Austria, Finland, Italy and Japan. Switzerland became a UN Member on 10 September 2002.

Permanent Observers have free access to most meetings and relevant documentation. Many regional and international organizations are also observers in the work and annual sessions of the General Assembly.
