October 2022

**Option A in the revised options paper:** "Environmental multilateralism fit for the future"

**Option B in the revised options paper:** "Multilateral solutions to tackle climate change, biodiversity loss and pollution"

**Consolidated proposal by the Presidency:** "Environmental multilateralism for future solutions to address climate change, biodiversity loss and pollution and to achieve a clean, healthy and sustainable environment"

# Recommendations of the UNEA 6 Bureau

The UNEA 6 Bureau has agreed to the following [recommendations](#) for [consultations on the theme](#):

- To delete option A, which reads “Environmental multilateralism fit for the future”;
- Option B, which reads "**Multilateral solutions to tackle climate change, biodiversity loss and pollution**", is now option A
- The title of the President’s consolidated proposal to read as follows:  
**"Multilateral solutions fit for the future to address the triple planetary crisis: Climate change, biodiversity loss and pollution and to achieve sustainable environment"**

# Thank you
