*Agenda item 2: The outcome from the 27th Conference of the Parties to the United Nations Framework Convention on Climate Change (Cop-27).*

The Permanent Mission of the Democratic Republic of the Congo would like to thank the Government of the Arab Republic of Egypt for hosting a successful 27th Conference of the Parties to the United Nations Framework Convention on Climate Change.

We would also like to thank the Secretariat for a comprehensive presentation.

As far as the launching at Sharm El-Sheikh of Africa Carbon market is concerned, we would like to hear further from the Secretariat in regard to carbon credits management, given that carbon credits aim to offset greenhouse gas emissions. What can we do at our respective national level? What is the next step after the launching of the African carbon market? We would like to hear directives from the Secretariat.
