

Madam Chair Thank you

Bangladesh expresses sincere thanks to the government of Thailand and the people of Thailand for hosting this programme. Also to the Secretariat for arranging this meeting and congratulating you as elected as chair.

Bangladesh would like to appreciate to address the capacity building and financial support to developing countries under the functions and scope for the sound management of chemicals and waste and to prevent pollution.

Bangladesh also stresses to address the knowledge gap to combat to prevent pollution

Regional and local reality should be addressed and national needs should be addressed in the scope. It would be inclusive, integrated approach and Avoiding overlapping, but would recognize other conventions & frameworks
