

UN DEVELOPMENT SYSTEM REFORM – CHECKLIST FOR UNSDG ENTITIES’ GOVERNING BODIES

In response to Member States request in General Assembly resolution 76/4 on the review of the functioning of the reinvigorated resident coordinator system, including its funding arrangement, the Chair of the UN Sustainable Development Group has developed a checklist for the consideration of the governing bodies of the United Nations development system entities, to “facilitate their oversight role, including monitoring alignment and entity adherence to the dual reporting model.” The proposed checklist aims to inform the oversight of the Resident Coordinator system performed by Member States in the General Assembly and the Operational Activities Segment of the Economic and Social Council, including through the Resident Coordinator system results framework currently being finalized, as also requested by Member States in General Assembly resolution 76/4.

The checklist covers the elements of the repositioning of the UN development system, as set out in General Assembly resolution 72/279, and as such, applies to all entities of the UN development system¹. **For each question, entities are requested to briefly explain how the entity is implementing the requirement, or, if it is not implemented, briefly set out the plans and timeline to do so. If a question does not apply to an entity, the last column offers the space for the entity to elaborate why, and provide any other relevant information relating to the implementation of the specific aspect of the reform.**
