UNODC MISSION...

To contribute to global peace and security, human rights and development by making the world safer from drugs, crime, corruption and terrorism by working for and with Member States to promote justice and the rule of law and build resilient societies.
crime and drugs challenge the achievement of SDG’s and their measurement
Acts that cause environmental pollution or degradation

Acts involving the movement or dumping of waste

Trade or possession of protected or prohibited species of fauna and flora

Acts that result in the depletion of natural resources

International Classification of Crime for Statistical Purposes - UNODC
The Kyoto Declaration pronounces Member States’ endeavours to adopt effective measures to prevent and combat these crimes, such as to

illicit trafficking in wildlife,

illicit trafficking in timber and timber products,

Ilicit trafficking in hazardous wastes and other wastes and

Ilicit trafficking in precious metals, stones and other minerals,

as well as, inter alia, poaching,
Conference of the Parties to UNTOC Resolution 10/6 (2020) Calls for Member States to prevent and combat crimes that affect the environment falling within the scope of the UNTOC.

Calls for Member States to prevent and combat corruption as it relates to crimes that have an impact on the environment.

Calls for Member States to prevent and combat transnational organized crime and its links to trafficking in precious metals and illegal mining, including by enhancing the security of supply chains of precious metals.
Technical Assistance and Capacity Building

Crime, drugs, corruption and terrorism vs prevent, detect, investigate and prosecute organized crime

Capacity building is based on a sound, multi-faceted analysis of the situation on the ground and is delivered with a continuum of technical assistance.

Policy guidance is suggested based on the broader criminal justice and political environment, with full adherence to human rights.

International cooperation among law enforcement and judicial practitioners through regional and global networks and through anti-organized crime units and has developed software tools and databases to facilitate information sharing.
