

Needs and Questions the Panel May Handle

Request for Written Submissions from Member States and Relevant Stakeholders

Member states, during the resumed first session of the Open-ended Working Group (OEWG1.2), requested the Secretariat of the OEWG to solicit input from Member States and relevant stakeholders regarding the **needs** and **questions** the panel may handle in order to inform negotiations through the OEWG process (OEWG2 and OEWG3).

In support of this request, member States are invited to provide submissions through their respective national focal points (list of focal points available [at this link](#)). Non-government stakeholders are invited to submit their submissions on behalf of their organization or group. Once complete, please submit this filled document to SPP-CWP@un.org. All submissions will be uploaded online and will be summarized in an INF document in order to inform the work undertaken at OEWG2 and OEWG3.

Please complete and submit this form by 5 September 2023.

Several documents prepared by the secretariat for OEWG1.2 are of relevance to this submission, including:

- The Mapping and Gap analysis that was presented at UNEA 4 ([UNEP/EA.4/INF.9](#))
- The UNEP report “Assessment of options for strengthening the science-policy interface at the international level for the sound management of chemicals and waste” <https://wedocs.unep.org/bitstream/handle/20.500.11822/33808/OSSP.pdf>
- UNEP/SPP-CWP/OEWG.1/INF/1 - [UNEA Resolution 5/8](#) entitled “Science-policy panel to contribute further to the sound management of chemicals and waste and to prevent pollution”
- The stakeholder survey conducted between OEWG 1.1 and OEWG 1.2, which was summarized in Information document “Stakeholder Engagement Feedback” ([UNEP/SPP-CWP/OEWG.1/INF/6](#))
- Reports of OEWG1.1 and OEWG1.2, available with all other meeting documents on the [OEWG website](#)

1. Please list and if appropriate briefly describe, your preference for which needs the panel may handle. (If possible, please rank your responses, where 1 indicates your top preference):

Je suggère que le panel traite en priorité:

- Procéder à l'évaluation de problèmes actuels liées aux produits chimiques et recenser d'éventuelles solutions fondées sur des données probantes pour les régler dans la mesure du possible, en particulier ceux qui concernent les pays en développement.
- Renforcer la capacité de production de données, améliorer les connaissances et les compétences qui soutiendront les infrastructures et les moyens humains dans les pays, ainsi qu'à promouvoir la mise en relation des besoins en matière de capacités et des solutions potentielles.
- Pour le cas de la convention de Minamata sur le mercure, j'aurais besoins que le panel traite le cas des produit chimique à prendre en considération

Reviser les Annexes de la convention des Minamata sur les produits a mercure ajouté

2. Please provide any relevant comments on the needs you have listed above:

Mettre en place des mesures de contrôle des produits chimiques les plus problématiques suivant une approche basée sur les risques de pollution, y compris les interdictions et les éliminations;

Des mesures de contrôle pour assurer la circularité, telles que les exigences et normes mondiales pour la collecte et la gestion des déchets.

Renforcer la coopération et la coordination scientifiques et techniques;

Mettre en place des plans d'action nationaux;

Assurer des mécanisme d'évaluation de leur efficacité à travers des rapports nationaux sur les produits chimiques.

Lors de la COP4 de la convention de Minamata sur le mercure , les Etats member de la dite convention , on sollicité que le groupe d'expert de faire une orientation sur la méthode d'établissement des inventaire des rejets adoptées conformément au paragraphe 7 de l'article 9 de la convention de Minamata
