## Electronic Travel Authorization (eTA) from visa exempt countries

Travelers from visa-exempt countries must obtain an Electronic Travel Authorization (eTA) to fly to or transit through Canada. If you have a valid eTA, you will not be required to provide biometrics. Canadian citizens, including dual citizens, and Canadian permanent residents cannot apply for an eTA.

#### On-line visa application:

Anyone can apply online for a visa to enter Canada. However, <u>you are required to provide biometrics</u> and still need to present yourself at a <u>Visa Application Centre</u> to provide this information. An application will not go forward without the biometric information. The CIC will send you a biometric instruction letter by email through your MyCIC account when they receive your application. Read and print this letter and bring it, along with your passport or other travel documents, to a <u>visa application centre (VAC)</u> to give your biometrics. Find your closest VAC.

<u>Important</u>: Please continuously check your MyCIC visa application account for any incoming e-mails, queries, requests for more information, and responses from the visa office.

Please submit your visa application as early as possible to allow sufficient time to process your request. You can verify approximate visa processing times for your country at the following link: <a href="https://www.canada.ca/en/immigration-refugees-citizenship/services/application/check-processing-times.html">https://www.canada.ca/en/immigration-refugees-citizenship/services/application/check-processing-times.html</a>
