Co-facilitators' guiding questions on intersessional work

What? When and How?

- i. **What** are the priority topics and minimum requirements for intersessional work to get agreement on an agreement at INC-5?
- ii. What is the expected output of intersessional work?
When would it need to be delivered?
- iii. Depending on the nature of the work to be undertaken, **how** would the work be undertaken? What modalities would be appropriate and who should participate?
