Draft text for proposals to establish a science-policy panel

Preamble

[placeholder]

A. Scope, objective and functions of the Panel

1. The objective of the Panel is to strengthen the science-policy interface to contribute to the sound management of chemicals and waste and to prevent pollution for the protection of human health and the environment, with the following functions:

   (a) Undertaking “horizon scanning” to identify issues of relevance to policymakers and, where possible, proposing evidence-based options to address them;

   (b) Conducting assessments of current issues and identifying potential evidence-based options to address, where possible, those issues, in particular those relevant to developing countries;

   (c) Providing up-to-date and relevant information, identifying key gaps in scientific research, encouraging and supporting communication between scientists and policymakers, explaining and disseminating findings for different audiences, and raising public awareness;

   (d) Facilitating information-sharing with countries, in particular developing countries seeking relevant scientific information;

   (e) Capacity-building1

   Proposal 1: Provide capacity-building through all the functions of the panel and facilitate technology transfer, in particular to developing countries, to improve the science-policy interface at appropriate levels, including activities to ensure effective, geographically balanced and gender-responsive participation of scientists in the assessments of the panel, strengthen data generation capacity, enhance knowledge and skills that will support country infrastructure and human capacity, and facilitate connection and matchmaking of capacity-related needs and potential solutions

   Proposal 2: Build capacity to support the functions and work of the panel in order to strengthen the science-policy interface for sound management of chemicals and waste and to prevent pollution.

B. Operating principles of the Panel

2. In carrying out its work, the science-policy Panel shall be guided by the following operating principles:

   (a) Scientific independence and ensuring credibility, relevance and legitimacy including through peer review of its work, transparency in its decision-making processes, and addressing potential conflicts of interest;

   (b) Producing deliverables that are credible and scientifically robust;

   (c) Interdisciplinarity, ensuring contributions from experts with a broad range of disciplinary and sectoral expertise;

1 Two text proposals were developed at OEWG-1 by (1) Group of African States and GRULAC, and (2) European Union.
(d) Inclusivity of participation and forms of knowledge shared, including by indigenous peoples, indigenous and traditional knowledge, and local knowledge;

(e) Having geographical, regional and gender balance;

(f) Delivering outputs that are policy relevant without being policy prescriptive, avoiding overlap and duplication of work, and promoting coordination and cooperation;

(g) Flexibility, so as to be responsive to member Governments’ needs, in particular needs of developing countries, while still preserving the scientific and policy bases upon which it operates;

(h) Incorporating the precautionary approach, as stated in Principle 15 of the 1992 Rio Declaration;

(i) Incorporating a human rights-based approach, including by recognizing the right to a clean, healthy, and sustainable environment, the right to science, the importance of informed participation, and the need to give special attention to those populations most vulnerable to adverse impacts from chemicals, waste and pollution;

(j) Addressing all forms of pollution, including pollution related to chemicals and waste and pollution released into the air, water (including oceans) and soil.

C. Institutional arrangements for the Panel

I. [Plenary][Governing Body of the SPP]

3. A [Plenary][Governing Body of the Panel] is the [Panel’s] decision-making body, [is made of Member states [and REIOs] and takes its decisions during the plenary meeting].

3 alt [The Panel is a decision making body sitting in a Plenary session]

Membership

4. The [[Panel][Plenary][Governing Body is composed of National Focal Points and Scientists of] Panel [Plenary is open to] States Members of the United Nations [and regional economic integration organizations] [that are members of the Panel[who may become members by expressing their intent to do so]].

Participation of States not members of the Panel, United Nations bodies and other intergovernmental and non-governmental organizations

5. [The Panel] [Plenary] is open to participation as observers to any [Member State of the UN] State not a member of the Panel, any United Nations entity and any other body, organization or agency, whether national or international, governmental, intergovernmental or non-governmental, indigenous peoples and local communities qualified [with expertise] in matters covered by the Panel, and which has informed the Secretariat of the Panel of its wish to be represented at sessions of the Plenary, subject to the rules of procedure.

5 alt [the plenary meeting is open to participation by observers to any State not a member of the Panel, any United Nations entity, organization or agency, whether national or international, governmental, intergovernmental or non-governmental, indigenous peoples and local communities qualified in matters covered by the Panel, and which has informed the Secretariat of the Panel of its wish to be represented at sessions of the Plenary, subject to the rules of procedure.]

6. [The Panel] [Plenary] is open to participation by regional economic integration organizations as observers. The European Union is allowed enhanced participation in sessions of the plenary, including the right to speak in turn; the right of reply; the right to introduce proposals; the right to provide views; and the ability to support the implementation of the work programme of the Panel through financial support, among other means. [These rights do not grant the ability to be elected to the Bureau of the Panel.]

(i) Approving a budget and overseeing the allocation of the Trust Fund [that follows the UN voluntary indicative scale of contributions];

I alt [approving and overseeing the budget]

(j) Deciding on an evaluation process [and its terms of reference] for the periodic and independent reviewing of the Panel’s efficiency, effectiveness and impact;

(k) Adopting and amending rules of procedure and financial rules and procedures [by consensus].
II. Bureau

8. A Bureau is established [by the governing body of the panel] [to provide oversight of the Panel][to oversee the implementation of decisions of the Plenary].

Membership

9. The Bureau comprises two members [nominated] from [each of the regions of the institution hosting the Secretariat][each of the 5 UN regional groups][and elected by the governing body, including one chair and 9 vice chairs, one of whom shall act as rapporteur, as provided for in the rules of procedure, along with the co-chairs of the subsidiary bodies].

10. Members of the Bureau are nominated by their regional groups and elected [by Plenary][elected during the plenary meeting by the member states, in accordance with the rules and procedures of UNEA], keeping in mind the need for the Bureau’s membership to have [sector][geographical, regional and gender balance].

11. Members of the Bureau are selected for their [subject matter][relevant scientific and technical] expertise [and demonstrated experience with relevant intergovernmental processes].

11 bis [All scientific and technical positions at all levels should be carried out by the bureau as directed by the governing body to ensure relevant scientific and technical expertise and competencies to carry out their future responsibilities].

Functions

12. The functions of the Bureau include:

(a) [Organizing—and helping][Assisting] to conduct the sessions of the Plenary;
   a bis [providing oversight of and guidance to the Governing Body’s work during
      the intersessional period]

    reporting thereon to the Plenary;]

(e) [Reviewing progress in the implementation of decisions of the Plenary, if so
    directed by the Plenary;]

(f) [Advising the Plenary on coordination between the Panel and other relevant
    institutions;]

(g) [Identifying donors and developing partnership arrangements for the
    implementation of the Panel’s activities][Adhering to the due diligence
    procedures also restricting earmarking and encouraging contributions to the trust
    fund]

   g bis Participating in the conflict of interest committee.

III. Committees and subsidiary bodies

Interdisciplinary Expert Committee

13. An Interdisciplinary Expert Committee is established [to provide scientific advice to the
    Panel].

2 Guidelines covering the nomination process, length of service and any rotation of the Chair of the Plenary among the regions will be provided for in the rules of procedure.
Membership of the Interdisciplinary Expert Committee

14. The Interdisciplinary Expert Committee comprises an equal number of members from each of the regions of the institution hosting the Secretariat.[5 UN regional groups].

15. Members of the Interdisciplinary Expert Committee are nominated by regions and elected by [the governing body during at Plenary, [taking into account the need to ensure[ensuring] the committee is interdisciplinary, [by] ensuring contributions from experts with a broad range of disciplinary expertise; has inclusive participation, including by indigenous peoples; and has geographical, regional and gender balance.

16. Interdisciplinary Expert Committee members are selected for their scientific, technical,[ socioeconomics] or policy expertise and knowledge of the main elements of the work of the Panel.

17. Representatives of non-governmental participants as well as the Chair of the United Nations Environment Management Group may participate as ex officio members in Interdisciplinary Expert Committee meetings. The representatives of non-governmental participants are elected by and from non-governmental participants engaged in the work of the Panel.[5]

18. Members of the Bureau, representatives of other relevant science-policy interfaces [including the Intergovernmental Panel on Climate Change and the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services] or international organizations, and representatives of relevant multilateral [environmental] agreements may be invited to participate as observers in meetings of the Interdisciplinary Expert Committee.

Functions of the Interdisciplinary Expert Committee

19. The functions of the Interdisciplinary Expert Committee include:

(g) Assuring scientific and technical coordination among other bodies set up under the Panel and facilitating coordination between the Panel and related processes to build upon existing efforts.

G bis [to prepare periodic reports]

**Policy Committee**

1. A Policy Committee is established to provide policy guidance to the Panel.

**Membership of the Policy Committee**

2. The Policy Committee comprises an equal number of members from each of the regions of the institution hosting the Secretariat.

3. Members of the Policy Committee are nominated by regions and elected by the Governing Body, taking into account the need for inclusive participation, including by indigenous peoples; and has geographical, regional and gender balance.

4. Policy Committee members are selected for their policy expertise and knowledge of the main elements of the work of the Panel.

5. The Chair of the Science Committee, and representatives of other relevant science-policy interfaces, relevant international organizations, and representatives of the Secretariat of relevant multilateral agreements may be invited to participate as observers in meetings of the Policy Committee.

**Functions of the Policy Committee**

6. The functions of the Policy Committee include providing advice to the Governing Body on policy aspects of the Panel’s programme of work, by:

   a) Contributing to the process for prioritizing requests received from Member States, including receiving submissions from Member States via the Secretariat, and identifying prioritized requests for the Governing Body to consider in developing a proposed work programme based on those submissions;

   b) Facilitating communication between the Panel and other relevant science-policy interfaces, relevant international organizations and multilateral agreements, in order to avoid overlap and duplication of work, and promote coordination and cooperation;

   c) Providing comments on the policy elements of the Panel’s draft deliverables, as appropriate.

**Other subsidiary bodies**

20. The Plenary, including upon advice from the Bureau and Interdisciplinary Expert Committee, may establish other subsidiary bodies under the Panel, whether to aid in delivering panel functions or in meeting the panel’s cross-cutting needs. These other subsidiary bodies [may] [should] include, inter alia, expert groups, committees, task forces, Technical support units, [conflict of interest committee], etc.:

   a) [Expert groups to deliver on the horizon scanning and assessment functions of the panel;]
abis a [A conflict of interest committee to support the implementation of a conflict of interest policy.]

a ter [a Prospective error analysis committee]

(b) [Task forces][Subsidiary bodies] to deliver on [other][the] functions of the panel, [such as capacity building];

b bis [A committee established on capacity building [and research translation]]

(c) [A conflict of interest committee to support the implementation of a conflict of interest policy.]

c bis [Technical support unit to coordinate and support work of expert croups or task forces]

21. [In establishing] these subsidiary bodies may also include subsidiary bodies to deliver on the other functions of the panel. Plenary shall ensure their composition, modalities of work and functions align with the Panel’s agreed operating principles.

21 bis [establishing a socioeconomic subsidiary body]

21 ter [establishing a non-prescriptive policy recommendation body]

IV. Secretariat

22. The [Panel][Plenary][Governing Body] shall be supported by a Secretariat for the Panel with the following functions:

22 alt [secretariat for the panel will support all the functions of the panel (including Governing Body bureau and subsidiary body) with the following functions:]

(a) Providing [support on] [scientific,] [technical, organisational, communication] and capacity building [activities][support] [as requested by the [Plenary][Governing Body]];

a alt [Providing [the required] support to all functions of the Panel]

(b) Organizing meetings and providing [support on] administrative and [scientific,] [technical], organisational and communication [activities], support for meetings, including the preparation of documents and reports to the [Plenary][Governing Body][of the Panel][,] and for the work of the Panel’s [other][subsidiary] bodies as needed;

(c) [Assisting][Supporting] members of [the [Plenary][Governing Body][of the panel]], Bureau, Interdisciplinary Expert Committee and other subsidiary bodies, to undertake their respective functions [as decided by the [Plenary][Governing Body][of the Panel][,] including participation in their meetings and facilitating communication [between with] the various stakeholders of the Panel;

d bis [facilitating communication between the various stakeholder of the Panel]

(d) Facilitating communication among any other bodies that might be established by the Panel;

(e) Disseminating the Panel’s deliverables;

(f) [Assisting][Supporting] in outreach activities and in the production of relevant communication materials [including regarding the Panel deliverables];

(g) Preparing the Panel’s [Governing body] draft budget [for submission to [Plenary][Governing Body][,] managing the [financial arrangements][budget] and preparing any necessary financial reports;

(h) [Assisting][Supporting] in the mobilization of financial resources [based on the UN voluntary indicative scale of contributions];
(i) [Assisting] [Supporting] in the facilitation of monitoring and evaluation of the Panel’s work;

(j) [Proposing potential strategic partnerships to [Plenary] [Governing Body], and] [coordinating and implementing] [Supporting the implementation of] any strategic partnerships as needed.

23. The Panel, at its first Plenary session, will secure secretariat services from one or more Intergovernmental Organizations, based on solicited proposals to host the Secretariat. The Secretariat will be hosted in a single location.

V. Financial Arrangements

24. A Trust Fund is established, to be hosted by an institution agreed by Plenary, to:

(a) be allocated by Plenary in an open and transparent manner;

(b) collect voluntary financing to support the work of the Panel [from a variety of sources];

(c) be governed by financial rules and procedures adopted by the Plenary.

25. Contributions to the Trust Fund are [welcomed] [invited] from Governments, [using the UN voluntary indicative scale of assessments as a guideline, and are welcomed] [as well as] from United Nations bodies, [the Global Environment Facility], other intergovernmental organizations and stakeholders such as the private sector and foundations, on the understanding that such funding [the amount of contributions from private sources must not exceed the amount of contributions from public sources in any biennium];

25 alt [the trust fund is open to voluntary contributions from all sources, including governments, UN bodies, other IGOs and stakeholders such as the private sector and foundations]

(a) will come without conditionalities;

(b) will not orient the work of the panel;

(c) cannot be earmarked for specific activities.

25 bis [in kind contributions from governments, REIOs, the scientific community, other knowledge holders and stakeholders will come without conditionalities, nor orient the work or influence prioritization of the panel and will be consistent with the functions, operational principals or institutional arrangements of the panel]

26. Exceptions to paragraph 25 may be provided to allow additional contributions for specific activities, [in line with the agreed prioritization and] approved by the Plenary[, preceded by a due diligence process by the secretariat and approved by the bureau].

27. The Plenary regularly reviews Panel expenditures and budget proposals, and adopts budgets for the Panel.

28. [The Bureau regularly reviews budget information prepared by the Secretariat.]

29. The Secretariat prepares the Panel’s draft budget for submission to Plenary, managing the financial arrangements and preparing any necessary financial reports.

VI. Strategic Partnerships

30. The Panel may decide to pursue formal strategic partnerships with United Nations entities, multilateral agreements and other selected stakeholders that are active and qualified in the topics covered by the panel. Formal strategic partnerships can be a means of achieving the operating principle that includes “avoiding overlap and duplication of work, and promoting coordination and cooperation” while delivering on any of the panel’s functions.

31. The Secretariat may propose for consideration of the Plenary the establishment of possible strategic partnerships, including their contribution to the work of the Panel.

32. The Secretariat shall regularly inform the Bureau and the Plenary about the formal strategic partnerships and their contribution. Strategic partnerships are subject to periodic review.
33. In order to encourage and facilitate formal strategic partnerships, Plenary may decide to mandate the development, and periodic updating, of:

(a) guidance for entities wishing to apply to enter in a formal strategic partnership with the Panel, and

(b) guidelines for formalizing partnerships that the Plenary agrees to pursue, including, as appropriate, through the preparation of memoranda of understanding or contracts.

34. Considerations in formalizing strategic partnerships may include:

(a) the function(s) the formal strategic partnership will support;

(b) alignment with the Panel’s scope, objective, and operating principles;

(c) complementarity with the Panel’s work programme;

(d) opportunities for synergies.

D. Evaluation of the operational effectiveness and impact of the Panel

35. The Panel’s efficiency, effectiveness and impact shall be [independently and externally reviewed and] evaluated on a periodic basis as decided by the [Plenary][Governing body of the Panel]. [The Panel should produce a framework for the assessment to include the periodicity of the evaluation with the primary goal of mapping the output to [the main][its]
