

Final Meeting of the UNEP/GEF project "Continuing Regional Support for the POPs Global Monitoring Plan under the Stockholm Convention in Africa Region"

Provisional Agenda

28-30 November 2023 Casablanca, Morocco

Tuesday, 28 November 2023				
8:30-9:00	Registration			
9:00-10:00	1. Opening remarks	Host country Eloise Touni, GEF Unit, UNEP Chemicals and Health Branch		
	2. Organizational matters: (a) Introduction of participants; (b) Nomination of the chair; (c) Adoption of the agenda; (d) Organization of work	All participants		
10:00-10:30	3. Overview of project annual evaluations and next steps towards the terminal review	Eloise Touni, GEF unit, UNEP Chemicals and Health Branch		
	4. Overview of the UNEP/GEF POPs GMP projects in Africa Region	Haosong Jiao, Knowledge and Risk Unit, UNEP Chemicals and Health Branch		
10:30-10:45	Coffee break			
10:45-12:30	5. Presentations of project countries (~9 countries) -Overview of the outputs and outcomes of the UNEP/GEF POPs GMP project (10min per country) -Q&A	National coordinators of project countries in the Africa Region		
12:30-14:00	Group photo and lunch break			
14:00 - 15:20	6. Presentations of project countries (~6 countries) -Overview of the outputs and outcomes of the UNEP/GEF POPs GMP project (10min per country) -Q&A	National coordinators of project countries in the Africa Region		
15:20-15:35	Coffee break			
15:35 - 16:50	7. Key findings on POPs monitoring in air, water, human milk and matrices of national interest in the Africa Region • Air monitoring	Expert laboratories - MTM Orebro University		
	Water monitoringHuman milk survey	- CVUA Fribourg -VU Amsterdam		

16:50-17:00 8. Wrap-up of the first day of the meeting		POPs in matrices of national interest Q&A			
9:00-9:10 9. Recap of the first day's meeting Haosong Jiao, UNEP Chemicals and Health Branch	16:50-17:00				
9:10-9:30					
Convention Global Monitoring Plan and the effectiveness evaluation of the Convention 9:30-9:40 11. GMP Data Warehouse and the 4th cycle of the GMP implementation - upcoming challenges 9:40-9:50 12. Contributions of the UNEP/WHO human milk survey to understanding human exposure to POPs 9:50-10:10 Coffee break 10:10-11:45 13. Key findings on capacity building in the Africa Region Interlaboratory assessments Trainings 14. Panel discussion on capacity building in the Africa Region FECETOX CSIC 14. Panel discussion on capacity building in the Africa Region 15. Knowledge sharing and communication to enhance data usage for informed decision- and policy making (a) Data handling and management Virginia Santana, BCRC-SCRC-LATU, Uruguay (b) Data dashboard, laboratory databank and UNEP WESR Tainings Lunch break 14:00-14:20 16. Communication: POPs, our Worst Friends Forever 17. Collaboration between POPs monitoring and other initiatives in the Africa Region 14:20-14:35 (a) Regional monitoring activities in the Africa Region GMP Global Coordination Group Members from the Africa Region Consumers of project Katerina Šebková, RECETOX Katerina Šebková, RECETOX Regional Health Branch Katerina Šebková, RECETOX Charli, Uruguay Virginia Santana, BCRC-SCRC-LATU, Uruguay Victor H. Estellano, UNEP Chemicals and Health Branch Chemicals and Health Branch GMP Global Coordination GMP Global Coordination Group Members from the Africa Region Corpus Members from the Africa Region	9:00-9:10	9. Recap of the first day's meeting			
simplementation - upcoming challenges	9:10-9:30	Convention Global Monitoring Plan and the effectiveness			
understanding human exposure to POPs 9:50-10:10 Coffee break 10:10-11:45 13. Key findings on capacity building in the Africa Region Interlaboratory assessments Interlaboratory Amount of Popping Africa Region Interlaboratory Africa	9:30-9:40		Katerina Šebková, RECETOX		
10:10-11:45 13. Key findings on capacity building in the Africa Region • Interlaboratory assessments • Trainings • Trainings • Trainings 14. Panel discussion on capacity building in the Africa Region 15. Knowledge sharing and communication to enhance data usage for informed decision- and policy making (a) Data handling and management (b) Data dashboard, laboratory databank and UNEP WESR (b) Data dashboard, laboratory databank and UNEP WESR 12:30-14:00 14:00-14:20 16. Communication: POPs, our Worst Friends Forever 17. Collaboration between POPs monitoring and other initiatives in the Africa Region 14:20-14:35 (a) Regional monitoring activities in the Africa Region (b) Activities of the Monitoring Network for Persistent Organic Pollutants (MONET) in the Africa Region 14:50-16:00 (c) Sampling of POPs in plastic pellets in Africa IPCP, NIES, CSIC, representatives of project	9:40-9:50

Group Members from the Africa Region 14:35-14:50 (b) Activities of the Monitoring Network for Persistent Organic Pollutants (MONET) in the Africa Region (c) Sampling of POPs in plastic pellets in Africa IPCP, NIES, CSIC, representatives of project					
Organic Pollutants (MONET) in the Africa Region 14:50-16:00 (c) Sampling of POPs in plastic pellets in Africa IPCP, NIES, CSIC, representatives of project	14:20-14:35	(a) Regional monitoring activities in the Africa Region	Group Members from the		
representatives of project	14:35-14:50		Katerina Šebková, RECETOX		
countries – online	14:50-16:00	(c) Sampling of POPs in plastic pellets in Africa			
16:00-16:15 Coffee break	16:00-16:15	Coffee break			

www.unep.org 2

16:15-16:55	18. Follow-up analysis and activities in project countries	National coordinators of project countries		
	19. Discussion: Ways to enhance usage of POPs monitoring results in national policy making	All participants		
16:55 – 17:00	20. Wrap-up of the second day of the meeting	Ludovic Bernaudat, UNEP Chemicals and Health Branch		
20:00	Reception restaurant LA SQALA	All participants		
Thursday, 30 November 2023				
9:00-9:10	21. Recap of the first and second days of the meeting	Haosong Jiao, UNEP Chemicals and Health Branch		
9:10-9:30	22. Key messages, lessons learnt and roadmap for sustainable monitoring of POPs	Gamini Manuweera, Expert, previous project manager of UNEP		
9:30-10:30	23. World Café: Key messages, lessons learnt and roadmap for sustainable monitoring of POPs (a): Discussion	All participants		
10:30-10:45	Coffee break			
10:45 - 11:30	24. World Café: Key messages, lessons learnt and roadmap for sustainable monitoring of POPs (b): Discussion	All participants		
11:30 - 11:50	25. Conclusion of the UNEP/GEF POPs GMP projects in the African Region	Eloise Touni, GEF unit, UNEP Chemicals and Health Branch		
	26. Other matters	Haosong Jiao, UNEP Chemicals and Health Branch		
11:50-12:00	27. Closure of the meeting	Ludovic Bernaudat, UNEP Chemicals and Health Branch		
12:00-13:30	Lunch break			
13:30-17:00	28. Visit to the PCB treatment platform in Casablanca	All participants
