

Global Webinar on Strengthening Climate Change and Disaster-Related Statistics: Needs, Priorities, and Action

Asia and the Pacific, Europe and Western Asia

In collaboration with ECA, ECE, ECLAC, ESCWA, UN-GGIM and UNSD

3–4 May 2023,
06:00 – 09:00 UTC

Way forward: overview of Workstream 2.1 activities

- Development of improved data collection tools for selected climate change indicators:
 - National integrated coastal zone management (131)
 - Proportion of municipal waste treated (with focus on food waste) (157)
- Associate event of 3rd Expert Forum on Disaster-Related Statistics:
 - Assessing challenges, needs and opportunities in advancing climate change- and disaster-related statistics in Asia-Pacific
- Work with selected number of target countries to increase capacity to respond to demands for statistics related to climate change and disasters
- Global webinars focused on sharing latest developments, country achievements and future challenges

3rd Expert Forum for Producers and Users of Disaster-related Statistics

5 - 7 June 2023
Bangkok, Thailand *(Hybrid)*

co-organised with

Concluding remarks

- Thank you to all our presenters, our interpreters and everyone who contributed to the discussions
 - 23 presentations from 21 different experts
 - Copies of the presentations will be made available as PDFs and placed on the event webpage: <https://www.unescap.org/events/2023/global-webinar-strengthening-climate-change-and-disaster-related-statistics-needs>
- Post-webinar survey – we highly appreciate your suggestions/comments
- Thank you to colleagues from DA14 project partners: ESCAP & UNEP, as well as ECA, UNECE, ECLAC, ESCWA and UNSD.
- Questions?
 - Richard Tonkin (ESCAP) - Richard.Tonkin@un.org
 - Ekaterina Poleshchuk (UNEP) - Ekaterina.Poleshchuk@un.org
 - Piyapat (Por) Nakornchai (ESCAP) - Nakornchai@un.org
 - Ruoxi Li (UNEP) - Ruoxi.Li1@un.org
