30 May 2024

Dear Sir/Madam,

Reference is made to the fourth session of the Intergovernmental Negotiating Committee to develop an international legally binding instrument on plastic pollution, including in the marine environment (INC-4) and the decision of the Committee to establish two ad hoc intersessional open-ended expert groups.

During INC-4, the Committee decided to establish:

- An *ad hoc* intersessional open-ended expert group to develop an analysis of potential sources, and means that could be mobilized, for implementation of the objectives of the instrument, including options for the establishment of a financial mechanism, alignment of financial flows, and catalysing finance, for the consideration by the Committee at INC-5. The expert group will take as a starting point the reports of the co-chairs of the contact group two established at INC-4 and the draft text on means of implementation (Part III Section 1) contained in the compilation document of the draft text. The expert group will be open to participation of all Members. The Committee agreed that the work of the expert group will be co-chaired by Ms. Kate Lynch of Australia and Mr. Oliver Boachie of Ghana.

- An *ad hoc* intersessional open-ended expert group to identify and analyse criteria and non criteria based approaches regarding plastic products and chemicals of concern in plastic products, and product design focusing on recyclability and reusability of plastic products, considering their uses and applications, for the consideration by the Committee at INC-5. The expert group will be informed by the reports of the co-chairs of the contact group one established at INC-4 and the compilation document of the draft text. The expert group will be open to participation of all Members. The Committee agreed that the work of the expert group will be co-chaired by Mr. Axel Borchmann of Germany, Ms. Gwen Sisior of Palau, and Mr. Luay Almukhtar of Iraq.

The expert groups were requested to commence their work using electronic means and, subject to availability of financial resources, the Secretariat was requested to organize an in-person meeting for the expert groups. In this regard, up to three virtual meetings and one in-person meeting per expert group will take place during the intersessional period before INC-5.

Regarding the in-person meetings of the expert groups, each meeting is scheduled to take place from 24 to 28 August 2024 at the United Nations Conference Centre in Bangkok, Thailand.

In that regard, it is my honour to invite State Members of the United Nations, members of United Nations specialized agencies and regional economic integration organizations to nominate their experts to participate in the work of the ad hoc intersessional open-ended expert groups.

Members of the Committee are invited to submit their nominations to the Secretariat by way of a single Note Verbale or formal letter with all the nominations, to be uploaded to the through the online registration system INDICO. The details for registration, including the registration link, and information
on application for travel support for eligible delegates can be found in Annex A by 24 June 2024. The Note Verbale or letter should clearly indicate the name of the nominated expert(s), their title, affiliation and contact information and the expert group to which each eligible expert is nominated.

For the in-person meeting, funding has been made available from the voluntary contributions made by donors to support the participation of a maximum of two (2) nominated experts i.e. (one (1) expert per group), from developing countries and countries with economies in transition, with priority given to Least Developed Countries and Small Island Developing States. Experts designated to receive travel support are invited to submit their requests before 28 June 2024. In doing so, they will be requested to upload a Note Verbale or formal letter with their designation to receive travel support.

To ensure efficient and consistent work of the groups, the nominated experts are strongly encouraged to participate throughout the entire process of the expert groups.

The details for registration for the in-person meetings and information on the application for travel support for eligible experts mentioned above, can be found in Annex A to this letter.

To ensure equal opportunity and balanced representation among Members and due to space limitations in the venue, Members of the Committee are encouraged to consider the number of experts designated to attend the in-person meeting. Should the number of nominated experts per group exceed the existing capacity of the rooms, floating badges will be issued.

Experts are also strongly advised to review the entry requirements and procedures to obtain an entry visa to Thailand by consulting the Issuance of Visa - Ministry of Foreign Affairs (mfa.go.th) webpage and the visa application guide found in Annex B to this letter. It is recommended to apply to the Thai visa at least 8 weeks (about 2 months) before traveling.

Further details on work through electronic means will be communicated in due course.

Additional information on the ad hoc intersessional open-ended expert groups meetings of the INC will be made available on the website, including a practical information note for participants.

Finally, I wish to underline our commitment to advancing gender equality and empowering all women and youth in international processes. To this end, I invite Member States to promote the participation of women and youth in their delegations.

The INC Secretariat remains at your disposal for any information as needed through unep-incplastic.secretariat@un.org.

I look forward to continuing our collaboration on this important priority and to welcoming you to the meetings of the ad hoc intersessional open-ended expert groups.

Yours sincerely,

Signed

Jyoti Mathur-Filipp
Executive Secretary
