Dear Sir

Re: APPLICATION TO JOIN THE CiP PROGRAMME

Dear Sir,

WELFARE TOGO is an association of young females (students as well as graduates). The association is a SAICM Stakeholder. We have a Web TV dedicated to ecological issues ([www.ecoconscience.net](http://www.ecoconscience.net)). Our International Technical Adviser Mr. Yahya Msangi informed us about the CiP and we would like to join the programme. We do agree with the objectives of the programme and we commit to take actions to achieve them. In fact towards the end of 2015 and early 2016, we used our internal resources to conduct a rapid market survey for purpose of identifying consumer products that contain manufactured nanomaterials in the city of Lomé. We focused on: textiles, car tyres, construction materials and cosmetics. We are attaching with this application the report of that rapid market survey.

Looking forward to joining the CiP programme

Ms. Djatougbe Akouvi AZIAKA  
PRESIDENT

DJATOUGBE ROLANDE AZIAKA  
PRESIDENT WELFARE TOGO  
EXECUTIVE DIRECTOR
