## Note by the Secretariat

The purpose of this document is to present the status of the implementation of the 2014-2015 Programme of Work approved by the 18<sup>th</sup> meeting of the Contracting Parties of the Barcelona Convention held in Istanbul, Turkey, December 2013 from the financial perspective.

During the 2014-2015 biennium, a significant challenge was faced by the Secretariat in combining the financial data derived from two different finance systems, i.e. IMIS for data between January 2014-May 2015 and UMOJA for data between June-December 2015. Different budget coding systems were used in the two systems, therefore, some expenditures incurred under Umoja do not appear under the relevant budget originally established using IMIS budget codes. For Coordinating Unit and MEDPOL two tables have, therefore, been prepared, one based on IMIS coding for the period January 2014-May 2015 and the other based on UMOJA accounting classes for the period June-December 2015. For the RACs the figures are presented in one table, which is based on IMIS coding according to the submitted reports and in alignment with the combined total amounts derived from both systems.

A brief explanation of the Umoja classes is provided on the below table.

	<b>Commitment Class explanation under Umoja</b>
Commitment Class	Explanation
FT30_Class_010	Staff and Other Personnel Costs: Staff and Consultancies under IMIS object codes 1100/1200/1300
FT30_Class_120	Contractual Services: Works and services of a commercial nature contracted following procurement procedures IMIS object code 2300
FT30_Class_125	Operating and Other Direct Costs: Rental of premises/equipment; utilities; cleaning; vehicle maintenance; communication costs IMIS object codes 4300, 5100, 5300
FT30_Class_130	Supplies Commodities and Materials: e.g. office stationary/supplies, drugs, tools, etc. IMIS code 4100
FT30_Class_135	Equipment Vehicles and Furniture: e.g. IT equipment, vehicles, furniture etc. IMIS object code 4200
FT30_Class_140	Transfers and Grants Issued to Implementing Partner (IP): These are funds to be transferred to the Implementing Partners through legal instruments (Project Cooperation Agreements, Small Scale Funding Agreement, etc.)
FT30_Class_160	Travel: Includes staff/consultant/meeting participant travel under IMIS object codes 1600 and travel component of 1200/3300

<b>GRAND TOTAL</b>	<b>15.574.748</b>	<b>11.632.171</b>	<b>10.751.014</b>	

<sup>1</sup>a) Allocated amounts are funds from ordinary and voluntary contributions remitted by the Contracting Parties.

b) Allocations are lower than the approved amounts mostly due to the delays in the payment of contributions, which have prevented the timely programming of the whole approved amount, in conformity with decision of the Contracting Parties to programme only the amounts corresponding to contributions already received. The final rate of collection of the assessed ordinary contributions for 2014 and 2015 were eventually as high as 97,33% and 97,68% respectively (MTF Funds).

c) Programme Support Costs of 13% are charged to the MTF funds and of 4.5% are charged to the EC discretionary contribution.

d) The Approved Budget is established at the exchange rate 1 USD = 0.767 EUR (effective date: 1 June 2013). The Allocated Budget for the RACs is converted from EUR to USD at the actual exchange rates that were effective at the dates of the expenditure recording. The Allocated Budget for Coordinating Unit and MEDPOL reflects the actual expenditures recorded in 2014 and it is converted at the exchange rate 1 USD = 0.914 EUR (effective date: 31 December 2015) for the year 2015.

e) The amount of expenditures of the Coordinating Unit and MEDPOL is lower than in previous years due to a number of vacant posts during the biennium and the delayed allocations made for activities in order to prioritize fund transfers to the RACs. REMPEC retained the budget balance in order to cover the retroactive one-time payment of the locally recruited staff to reflect the result of the local salary survey, which took place in Malta in 2015.

d) The IMIS codes xx61 were introduced in late 2014 and since then were charged with the funds released to the Implementing Partners per component (i.e. Staff, Travel, etc.), replacing the previously used codes 2100 and 2200. This UN instruction facilitated the transition of data to the Umoja Class FT30\_Class\_140- Transfers and Grants Issued to Implementing Partner (IP), as with the previous coding there were no matching IMIS object codes.
