Future plans

- Continue the rounds of Interlaboratory assessments, preferentially on bi-ennial basis;
- Reporting to the Conference of the Parties of the Stockholm Convention (May 2015);
- Developing country and CEIT country participation financed by bilateral donors;
- Developed countries invited and encouraged to participate;
- Self-standing assessment and part of the UNEP GMP projects.

UNEP thanks all participating laboratories, experts and participants at the workshop;

CVUA and all staff for organizing and contributing to the success of the workshop;

This project was funded by:

The European Union through ENRTP project “Second Worldwide UNEP Interlaboratory Study for Persistent Organic Pollutants”, and

The Global Environment Facility through project “Establishing the Tools and Methods to Include the Nine New POPs into the Global Monitoring Plan”
