

Our Vision

Reduce environmental risks

**Increase the resilience of
societies and the environment**

Wider Organizational Framework

- Core organization
 - Multilateral Environmental Agreements:
 - Biodiversity conventions
 - Chemicals Conventions
 - Seas Conventions
 - Collaborating centres
-

CLIMATE CHANGE

- EA 1/Climate resilience
- EA 2/Low emission growth
- EA 3/REDD+

ENVIRONMENT UNDER REVIEW

- EA 1/Assessment
- EA 2/Early Warning
- EA 3/Information

DISASTERS AND CONFLICTS

- EA 1/Risk reduction
- EA 2/Response and recovery

RESOURCE EFFICIENCY

- EA 1/Enabling environment
- EA 2/Sectors and supply
- EA 3/Lifestyles

ECOSYSTEM MANAGEMENT

- EA 1/Production
- EA 2/Marine issues
- EA 3/Enabling environment

CHEMICALS AND WASTE

- EA 1/Enabling environment
- EA 2/Chemicals
- EA 3/Waste

ENVIRONMENTAL GOVERNANCE

- EA 1 Coherence and synergies
- EA 2/Law
- EA 3/Mainstreaming environmental sustainability

\$678
million

Climate Change

Climate-resilience, low emissions

Resilience....Disasters and Conflicts

Major natural disasters and industrial accidents and **conflicts**

Ecosystem Health and Productivity

Environmental Governance

Policy coherence, laws, ... Plastics, Wildlife trade

Chemicals, Waste and Air Quality

Mercury, Lead, ozone depleting substances

Resource Efficiency

Green Economy

Environment under Review
