Letter of Intent

Director Public Health and Environment
World Health Organization
Public Health and Environment 20 Avenue Appia
CH-1211 Geneva 27 Switzerland

Head, Chemicals Branch
United Nations Environment Programme Division of Technology, Industry and
Economics
11-13, Chemin de Anémones
CH-1219 Châtelaine, Geneva, Switzerland

September 21, 2015

I am sending this Letter of Intent to ask that RightOnCanada.ca be accepted as a contributor to the Global Alliance To Eliminate Lead Paint (GAELP). RightOnCanada.ca is a non-profit, civil society organisation that promotes awareness, respect and advocacy for human rights (www.RightOnCanada.ca).

RightOnCanada.ca fully supports the goals and mission of GAELP to eliminate lead paint. Our contribution lies in the field of public education and promotion of the goals and mission of GAELP.

RightOnCanada.ca promotes the right to health and support for UN initiatives that protect populations from harmful chemicals and substances. Through its website and through articles published in the media and scientific journals, RightOnCanada.ca has helped to inform the public regarding the necessity of taking action to protect populations from being harmed by known hazardous substances, such as asbestos and lead paint.

I am also founder and co-coordinator of the Rotterdam Convention Alliance (ROCA).

I trust this Letter of Intent is satisfactory and look forward to hearing back from you. If you need additional information, please let me know.

Sincerely,

Kathleen Ruff
Director, RightOnCanada.ca
