TO WHOM IT MAY CONCERN

### **RE: REQUEST TO BE CONSIDERED A CONTRIBUTOR TO THE WORK OF THE GLOBAL ALLIANCE TO ELIMINATE LEAD PAINT.**

The Kenya National Cleaner Production Centre (KNCPC) is a Trust under the Ministry of Industrialisation and Enterprise Development. It was established in July 2000 as part of the global UNEP/UNIDO National Cleaner Production Centre program. The Centre is a nodal Government agency in providing advisory services in Resource Efficient and Cleaner Production (RECP) which seeks to increase the productivity of enterprises by reducing wastage of resources (water, energy and raw material) and their associated negative environmental impacts.

The Centre hereby, endorses the goals and objectives of the Global Alliance to eliminate Lead Paint and wishes to be considered as a contributor to the work of the Alliance. KNCPC is unable to provide financial support to the alliance but pledges to input in-kind intellectual on occupational lead exposure from paints as and when required. The Centre understands that this letter of intent is not legally binding and that a copy of this letter of commitment and the names of **Dr. Faridah Hussein Were**, **Ms. Janet Nyamusi** and **Mr. Evans Nangulu** will be publicly listed on the Global Alliance website.

Yours Sincerely,

Jane Nyakang'o

Director, Kenya National Cleaner Production Centre
