

# Global Efforts to Eliminate Lead in Paint

## SAICM GEF Project Lead in Paint Component

Desiree Montecillo Narvaez  
Programme Officer

Chemicals and Health Branch, Economy Division  
United Nations Environment Programme

# SAICM Emerging Policy Issues

---

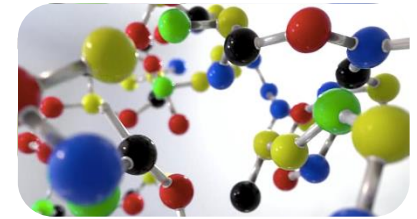

**Lead in Paint**

Chemicals  
in Products

Endocrine- disrupting  
chemicals

Nanotechnology

Lifecycle  
of electronics

Highly hazardous  
pesticides

Pharmaceutical  
pollutants

# GLOBAL BEST PRACTICES ON EMERGING CHEMICAL POLICY ISSUES OF CONCERN UNDER THE STRATEGIC APPROACH TO INTERNATIONAL CHEMICALS MANAGEMENT

## Objectives

- Accelerate and measure adoption of national activities to control Emerging Policy Issues (ie, lead in paint, chemicals in products) to achieve the 2020 implementation of SAICM goal of sound chemicals management
- Support early planning for chemical management in the 2030 Agenda for Sustainable Development

# SAICM GEF Project Lead in Paint Component Project Preparation Workshop

EA: SAICM Secretariat  
Partners: UN Environment, WHO,  
IPEN, American Bar Association

# THEORY OF CHANGE

What is the overall change?

Countries restrict the use of lead in paint [n=40]

Preconditions

Paint manufacturers phase lead out of processes and pigments

Governments introduce legal limits

BAT/BEP technologies and processes

Market / price aspects

Political momentum

Legal review and drafting

Training

Public awareness: Lead Paint Awareness Week  
Testing of lead in paint

Local network, 'champion', Policy workshops

Model Law  
Regional standards  
Legal review and expertise in country

US Embassy  
ESTH officer + hub officers

Regional centres – UNEP toolkit

# Lead in Paint Component

## Outcome: 40 Countries Restrict the use of Lead in Paint

### Outputs

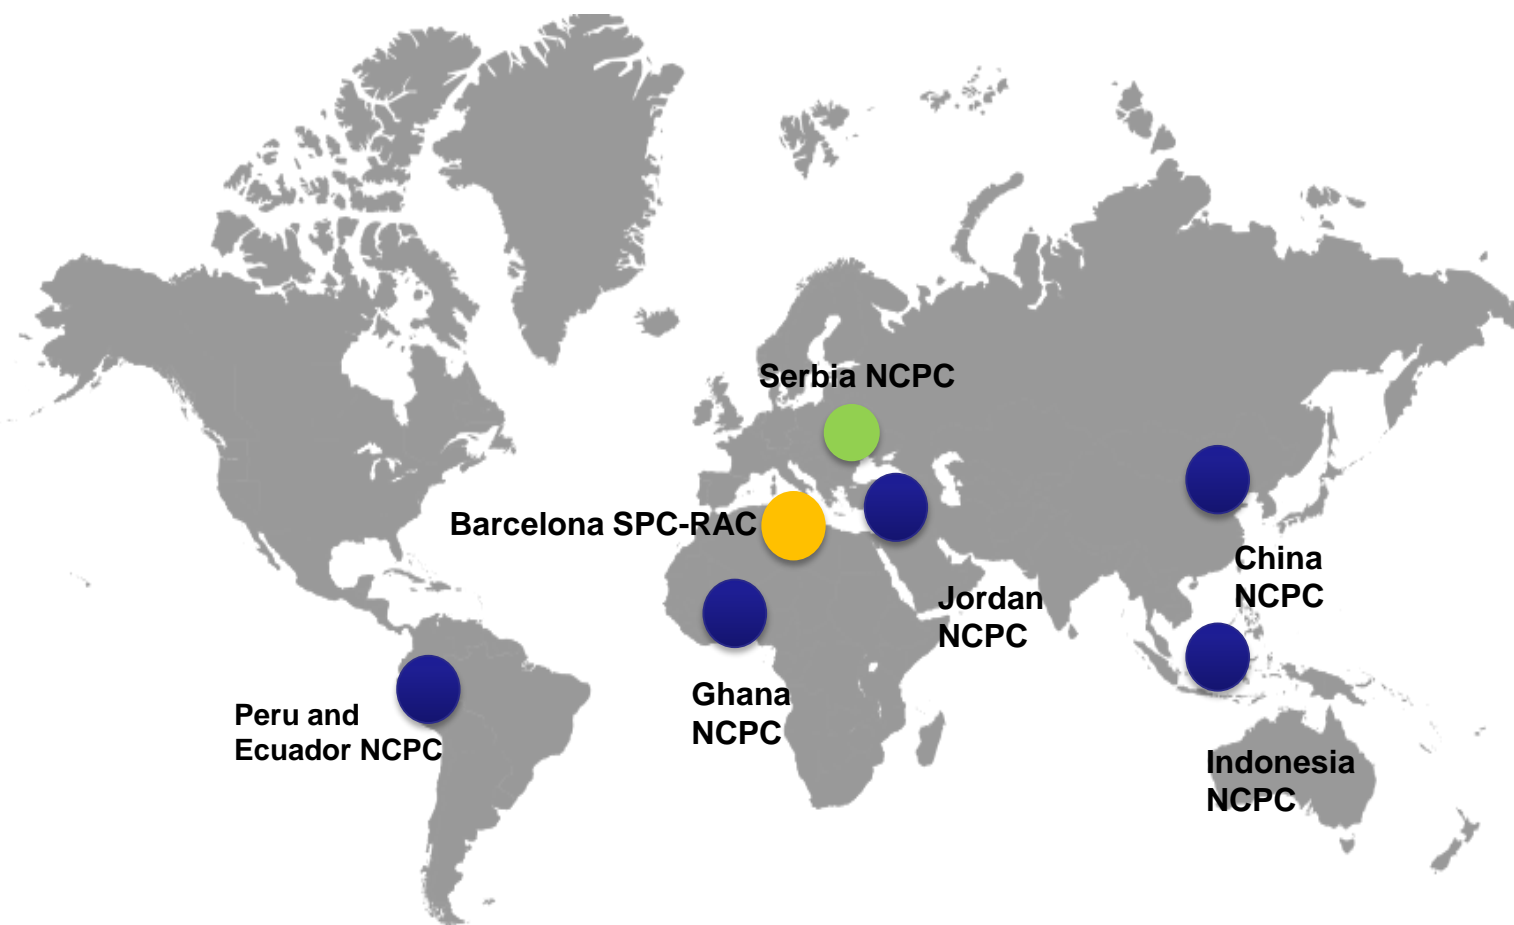

#### Output 1.1

BAT/BEP demonstration pilots and global technical guidelines for Paint SMEs

#### Output 1.2

Policy advocacy and public awareness campaigns generate support for lead phase-out

# National Clean Production Centres potential engagement for Output 1.1

# Potential Target Countries for Output 1.2

# Framework towards Legislation

Country engaged	Growing national concern	Initiated work on the ground	Law assessment	Non-protective legislation	Lead in Paint legislation in process
By partners	Participated in Intl Lead Poisoning Prevention Week	Lead in paint data	Law review/Gap analysis/potential place for Lead in paint law	Non-protective limit	In process
By regional groupings	Voluntary commitment at UNEA 3	Previous or upcoming workshop participation	Lead-related legislation	Partial legislation	
	Lead Paint Alliance partner	Previous project participation	Voluntary standard in process		
	Previous webinar participation		Voluntary standard in place		
	ECOWAS ministerial endorsement				

# Project Intervention based on Framework

Country engaged	Growing national concern	Initiated work on the ground	Law assessment	Non-protective legislation	Lead in Paint legislation in process
↓	↓	↓	↓	↓	↓
Awareness raising activities	Regional workshops to raise awareness	Consultation on form of assistance required. i.e. interagency meetings, awareness raising	Government establish country team. Legal drafting assistance if requested	High level advocacy/consultation to ministries/ to shepherd through Cabinet	
			Support for and liaison with policy makers and leaders through the policy cycle	Providing the health arguments for action, materials for local awareness campaigns, which may be done with support of local NGOs	
			Industry advocacy and information		

# Thank you
