

Global Partnerships: Keys to Unlocking Resource Efficiency and Inclusive Green Economies

Organized by

Ministry of Environment, Forest and Climate Change
Government of India

Wednesday, 13th March 2019

6:00-7:00 pm

Sustainable Innovations Expo (XYZ area TBC)

Purpose of the Event

India hosted one of the biggest and most consequential World Environment Day celebrations to date, in 2018. Drawing on its experiences and those of our partners, this session will seek to address the challenge of resource efficiency. Closely linked to the overarching theme of *'Innovative solutions for environmental challenges and sustainable consumption and production,'* it will explore new pathways to sustainability, including life-cycle approaches to resource efficiency, energy, chemicals and waste management towards greener and more inclusive economies.
