Integrated SC toolkit to improve the transmission of information under Articles 07 and 15

Country Work

Guidance on country work

- Each country should briefly describe its current status on the following points

- Present the information in the plenary session

Project overview

Objective: Facilitate the development, transmission, access and use of data contained in National Implementation Plans (NIP, Article 7) and National Reports (Article 15)	
Outcome	**Outputs**
Enhanced compliance with the Stockholm Convention through improved transmission, accessibility and use of data contained in NIPs (Article 7) and National Reports (Article 15	**1.1** Gap analysis & consultations with the SC Parties, taking into account gender aspects. **1.2** Integrated articles 7 and 15 electronic toolkit designed taking **1.3** Demonstration of the integrated electronic toolkit taking into account gender aspects **1.4** Development of Replication Strategy

Points to provide input on

- Possibilities of each country to directly receive funds ?

    Green Cross Switzerland is an implementing agency to receive funds   according to TOR

- Any SC reporting mechanisms in place ?

    In place, but in transformation due to institutional and legislation changings

- Synergies with BC reporting or other reporting obligations? (Elaborate on compatibility aspects, e.g. type of information required)

    In place, but need additional correlations

- Available electronic data collection and management systems/databases/tools ?

    The data for reporting is collected from State Statistic Agency, government   agencies, industry and state local communities.

- On-going inventory development work/last inventory conducted ?

    Under the NIP updating project – in spring 2019

- Quality assurance and quality control (QA/QC) systems in place ?

    not in place – issues for developing

- Need for specific capacity building/training on reporting or other ?

    Training for reporting

    Intrerministerial training under reporting

    Potential links with any existent electronic data collection and management systems or related projects ? (Short description) Synergies with existent projects (PRTRs, ChemObs) ?

    Environmental Impact Assessment in Ukraine – Preparatory Support to the Launch of the   National Registry UNDP project

    GEF-UNIDO Project "Environmentally Sound Management and Final Disposal of   Polychlorinated Biphenyls (PCBs) in Ukraine"

- Expectations from this project ?

    Possibility to create the detached BRS center

    Team of exporters under reporting

    Intrerministerial training under reporting
