

UN GENERAL ASSEMBLY RESOLUTION 73/333

DRAFT QUESTIONNAIRE TO GUIDE THE WAY FORWARD

A. Introduction

On 3 December 2019, Members of the Bureaux of the UN Environment Assembly and of the Committee of Permanent Representatives to the UN Environment Programme jointly agreed on a way forward regarding the follow-up on UN General Assembly resolution 73/333 entitled "Follow-up to the report of the ad hoc open-ended working group established pursuant to General Assembly resolution 72/277".

In summary it was agreed to continue the process of consultations on the follow up on General Assembly resolution 73/333, on the following basis:

- Member States and stakeholders will be invited to express their views in writing on the relevant aspects related to the way forward regarding UNGA resolution 73/333, based on a questionnaire, using the previous questions for the consultations with the regional and political groups as a basis.
- Bearing in mind the contextual relevance of the consultations in the CPR regarding the commemoration of the creation of UNEP by the United Nations Conference on the Human Environment, a similar and coordinated invitation will be sent to all Member States and Stakeholders to allow member States to approach both processes in a coordinated manner.
- In light of the heavy workload ahead, the secretariat was requested to identify possible dates for meetings to allow member States to further consider the UNGA resolution 73/333. This would allow for an open and inclusive consultation in the CPR during the first quarter of 2020, on the basis of the written inputs which should result in a clear roadmap leading to UNEA-5.
- In the meantime, the President, through his representative in Nairobi, and the Chair of the CPR, will continue to consult with member States on the best way forward to ensure open and inclusive consultations on the matter.

The following note contains a questionnaire on the relevant aspects related to the way forward regarding UNGA resolution 73/333.
