

**One planet**  
handle with care

## We are One Planet

- An implementation mechanism of Sustainable Development Goal 12
- The One Planet network: a multi-stakeholder partnership for sustainable development
- A network that leads the shift to sustainable consumption and production (SCP) providing unified and coherent direction, tools and solutions

**SUSTAINABLE DEVELOPMENT GOALS**

**12.1** Implement the 10-Year Framework of Programs on sustainable consumption and production, all countries acting, with developed countries taking the lead, considering the development and capacities of developing countries.

611 Programme Partners

22 UN Entities in our Inter-Agency Coordination Group

130 National Focal Points

The One Planet network formed to implement the 10 Year Framework of Programmes on Sustainable Consumption and Production.

## Our Vision by 2022: Six Programmes for Action

**Sustainable Food Systems:** Working towards **25%** reduction in food waste and loss.

**Consumer Information:** Work to have the **10 largest global retailers** to provide reliable sustainability information on at least **20%** of their products.

**Sustainable Lifestyles and Education:** Proactively contributing towards the uptake of sustainable lifestyles as the common norm where these are desirable, beneficial and accessible.

**Sustainable Tourism:** Ensuring that sustainable tourism policies and corporate strategies commit to the regular and timely monitoring of resources efficiency in tourism.

**Sustainable Buildings and Construction:** Works towards circular built environment, aiming at global **30%** recovery rate of construction and demolition waste.

**Sustainable Public Procurement:** Aims at reaching **20%** of public procurement incorporating economic, social and environmental sustainability considerations.

# Our Strategy: 'One Plan for One Planet'

The [5-year strategy 2018-2022](#) provides a clear way forward on the shift to sustainable consumption and production and enables the strategic use of the network's diverse strengths.

## Demonstrating the shift to SCP

Monitoring is required to identify emerging trends and strategic gaps, demonstrate the benefits of SCP, replicate innovative and impactful practices, and foster collaboration. [Indicators of Success](#) have been developed to guide and measure the collective impact of the global shift to SCP. Though our online reporting tool, contribution to Sustainable Development Goal 12 are reported by the One Planet network in the following areas:
