Subject: Inputs on the Draft Building Blocks of the Political Declaration

Excellency,

On behalf of our Director General, I would like to express my sincere gratitude to the Co-facilitators for the implementation of the United Nations General Assembly resolution 73/333 for the opportunity to submit inputs on the Draft Building Blocks of the Political Declaration.

A first draft of the building blocks of the political declaration circulated on 7 October 2020 includes many building blocks to contribute the strengthening of the implementation of international environmental law and environment-related instruments, to better support countries through capacity building, institutional strengthening, information sharing, to inform and support intergovernmental development and coherence of the international environmental law and its implementation, to promote transparency and the effective engagement of civil society and to achieve the 2030 Agenda for Sustainable Development. We believe that it is good and clear building blocks of the political declaration for the implementation of UNGA resolution 73/333. Therefore, we have no special inputs or comments on this draft.

We look forward to working with the UNEP and associated organizations.

Sincerely Yours,

For Director General,

Dr. San Oo (Mr.)

Deputy Director General
