

DaRT Data Reporting Tool for MEAs

DaRT is the first tool supporting Parties to effectively use synergies in the field of national reporting by providing a framework to manage knowledge at the national level

The Data Reporting Tool for MEAs – DaRT

One Place

Secure & Private

Organize & Share

Find Data

The aim of DaRT is to create

- national working spaces
in which reporters to MEAs
- organize, share and maintain their documentation
to facilitate
- discovery and retrieval of relevant biodiversity information for reporting purposes.

➔ DaRT is a tool for knowledge management at the national level.

➔ *it is not an additional reporting obligation, and does not affect the reporting processes established by Agreements.*

10

Benefits of using DaRT

National reporters :

➤ Discovery of relevant biodiversity information for reporting;

➤ Re-use of information in the spirit of “enter once, re-use several times”;

➤ Organizing/curating the information and reference documents;

➤ Transition to new Strategic Plans.

11

Benefits of using DaRT

Parties:

➤ Systematically building-up institutional knowledge;

➤ Increasing the level of communication and collaboration across ministries;

➤ Securing that knowledge remains within the institutions;

➤ Facilitating transitions from one strategic plan to its successor; and

➤ Facilitating onboarding of new collaborators.

12

Benefits of using DaRT

MEA Secretariats:

➤ Robust information on implementation;

➤ High quality national reports:

➤ Timely submission of reports.
